## SEWER AGREEMENT PUTS GLENDALE IN LINE FOR 100,000 POPULATION 1925

### Large Hotels, Apartments, Office Buildings Made Possible When Sewage Disposal Is Completed, Enthusiasts Declare

By H. THOMPSON RICH
Of The Evening News Staff

**"The greatest day in Glendale's history!"**
**"Large hotels, apartments, office buildings!"**
**"A city of 100,000 population by 1925!"**

THE above are representative expressions of opinion by prominent Glendalians, following the passage yesterday afternoon by the Los Angeles City Council, without dissenting voice, of the amended contract between the two cities, by the terms of which Glendale is permitted to connect with the Los Angeles outfall sewer.

The two amendments added to the document following yesterday morning's session of the Los Angeles City Council, and embodied in the contract as passed at 3:15 o'clock yesterday afternoon, are:

1 That the city of Glendale shall call a bond election within 90 days from signing of the contract; and,

2 That the city of Glendale shall pay its just proportion of whatever repairs to the system may at any time become necessary.

**Topic Before Council**

The matter of the sewer contract about to be entered into between the two cities will be the chief topic for consideration at tonight's meeting of the Glendale City Council, according to Mayor Spencer Robinson. Mr. Robinson was in the chabers of the Los Angeles City Council yesterday afternoon at the time the favorable vote was registered. There were present, also, Councilmen Sam Davis and W. A. Horn, and the writer.

"This is the best news I have heard in many a day," said William H. Reeves, Glendale city manager, when information reached him that the Los Angeles City Council had passed the sewer contract. "Glendale will grow fast from now on. The sewer is the most important matter we now have before us. Everything else must be regarded in the future from this angle, particularly the matter of paving streets. We do not want to lay any more paving where sewer pipes may go until we make sure they are in."

**Confirms Estimate**

Mr. Reeves confirmed the estimate of $800,000 as the approximate cost to Glendale of the system, as published in yesterday's paper. He believes that the bond issue should be made sufficient to cover all costs, pointing out that this will be a marked economy in the long run.

The proposed paving of Glendale avenue, in particular, should be held up until sewer pipes are laid, in Mr. Reeves' opinion.

Conferences have been held between the Glendale City Council and Ray L. Morrow, city attorney, and Benjamin F. Dupuy, city engineer, with a view to laying the groundwork for the forthcoming bond isue and construction work that will follow.

The sewer will be laid under supervision of the Los Angeles board of public works, in conjunction with the Glendale engineering department. W. T. Knowlton, Los Angeles sanitary engineer, will confer with Mr. Dupuy as soon as the contract is signed.

## EDITORIAL

**THE biggest problem the city of Glendale has had to meet is now tentatively solved. The City Council of Los Angeles has passed a resolution authorizing the entering into of a contract by which Glendale may dispose of its sewage by connecting with the Los Angeles outfall sewer system. Which means that Glendale must now call an election to vote bonds to install a sewer system, including the building of a trunk line to connect with the Los Angeles outfall.**

**The Glendale Evening News urges that the entire city unite to vote the bonds by a huge majority—make it unanimous! No other issue, no other question, no other discussion should interfere with carrying the bonds.**

**It appears at this time that there are not two sides to the question. It seems that there is only one thing to do—vote the bonds and get the sewage disposal system working and quickly as possible. The Glendale Evening News will not lend aid to any opposition and will keep its columns open FOR the success of the bond issue.**

**Great as is the building record of Glendale, it will be greater when a sewage disposal system is completed. In fact, just the announcement that the sewer problem is tentatively solved means much for the progress and prosperity of the community.**

**The Glendale City Council will ratify the contract tonight. Then will come the calling of the bond election. The people of Glendale will stand united to vote the money for this first and foremost municipal necessity.**

## REALTY CARAVAN PLANS ARE LAID

### Glendale Delegates to Keep Open House in Hotel Headquarters

Plans for the caravan of the Glendale realtors to the annual convention of the California Real Estate association, to be held at Sacramento October 10 to 13, were outlined last night at a meeting called by Dr. Jessie A. Russell, chairman for the San Fernando district, in the office of Twining & Myers, 227-A South Brand boulevard, when it was arranged to have the Glendale delegation make an impression on the delegates to the convention and on the residents of the country between here and the state capital.

Dr. Russell was appointed to head the committee on organization, which will arrange for headquarters in one of the Sacramento hotels, where the Glendale realtors will keep open house for the other convention delegates and where a Glendale product, Fruberry, will be served to all visitors. The wives of the Glendale realtors who accompany their husbands will act as hostesses.

**Show Glendale Peacock**

The advertising and publicity work will be in the hands of the committee headed by W. L. Twining, and the committee has been authorized to secure 5000 cards bearing, on one side, the Glendale Peacock cut in colors, and, on the other, some of the more important data regarding the city, its resources and its growth.

E. P. Hayward, Peter Hanson and W. L. Twining are the committee that will have charge of inventing the yells and the Glendale songs that will be shouted and sung from the time the caravan pulls out of San Fernando until the president adjourns the convention.

**Yellow Hat Bands**

All of the Glendale delegation will have their hats decorated with yellow bands bearing the word "Glendale" and the streamers that will depend from the hats will bear the legend "The Fastest Growing City in America." This part of the plans, as well as the preparation of the banners for the automobiles, will be in charge of Charles B. Guthrie and J. I. Wernette, and the former will also check up on the number of cars that will make the trip, the possible vacancies in each one, and will endeavor to arrange it so that all vacancies will be filled before the realtors start for Sacramento.

The official delegates from the adjacent cities to the convention will be the guests of the Glendale delegates at dinner, which will be held, according to present arrangements, on Friday, October 5. Members of the Glendale Realty board who are not going to Sacramento will be welcomed to the dinner.

## Change Date of Realty Board's Oratory Contest

**THE Glendale Realty Board has postponed the oratorical contest scheduled for tonight at the Chamber of Commerce auditorium until Saturday night, September 29, when, in addition to the contest, the board will express its approval, as an organization, of the work done by the Glendale City Council in securing the passage of the contract for a sewer system with the Los Angeles City Council, and will also go on record as favoring the proposed sewer bond issue.**

**All the members of the City Council have accepted the invitation of the board to be present Saturday night at the Chamber of Commerce and Mayor Spencer Robinson will discuss the sewer project in detail.**

**The assurance of the installation of a sewer system in Glendale will, it is predicted, cause the oratorical contestants to revise their speeches to include reference to the greatest stride Glendale has ever made in the history of her wonderful progress.**

## Relief Ship to Japan Turned Back by Navy

WASHINGTON, Sept. 27.—The navy steamer Arctic, which sailed from the Pacific coast on September 9 with relief supplies for Japanese earthquake sufferers, has been ordered back to Los Angeles, after proceeding beyond Honolulu, the navy department announced today.

Admiral A. E. Anderson, commanding United States naval forces in Asiatic waters, advised the department that the supplies being carried by the Arctic were no longer needed in the earthquake zone.

## GOMPERS IS READY FOR A. F. L. SESSION

### Venerable Leader Arrives in Portland Planning to Squelch Communists

PORTLAND, Ore., Sept. 27.—Portland became the hub of labor activities of the nation today with the arrival of Samuel Gompers, president of the American Federation of Labor. The venerable leader of organized labor stepped off an early morning train from Seattle and will spend the next few days in conferring with national and local leaders of affairs leading to the big convention which opens here next Monday.

Delegates continued to pour into Portland today and the Multnomah hotel, official headquarters was a lively scene with representatives discussing the many problems which will confront the convention.

**Labor Editors Meet**

The building, metal and label trades departments of the federation continued their sessions today. The association of labor editors gathered at the labor temple.

John M. Lewis, head of the United Mine Workers, is expected today or tomorrow. William M. Johnson, president of the machinists, has established headquarters. Two British fraternal delegates, one a member of parliament, are

## FARMER-BANKERS ASK GRAIN SUBSIDY

### Northwest Delegation Calls on President Coolidge to Request Relief

WASHINGTON, Sept 27.—The first of a series of important conferences which President Coolidge plans with farm leaders all over the country to formulate measures for the betterment of the agricultural industry was held at the White House today.

A delegation of farmers and bankers from the northwest states, where the most insistent demands have been made for some immediate agrarian relief, urged the call of a special session of congress. They asked particularly for legislation reviving the United States Grain corporation, with an appropriation of $50,000,000 to take over and distribute the entire wheat crop.

This corporation would tend to stabilize the grain market, President Coolidge was told.

The recommendations, also made by Secretary of Agriculture Wallace to congress, to lower freight rates on wheat and flour for export and to increase the tariff on wheat, were approved and their adoption was urged by the delegation. Mr. Coolidge was informed that "thousands of foreclosures and bankruptcies among farmers are imminent."

## LATEST NEWS

## KLAN FIGHT TO GO INTO COURTS

### Oklahoma Legislators Find Governor Keeps Word in Preserving Order

By JAS. L. KILGALLEN
For International News Service

OKLAHOMA CITY, Okla., Sept. 27.—Court action against Governor J. C. Walton will be the next step of the members of the Oklahoma legislature in the fight to prevent them from assembling for the avowed purpose of impeaching him, International News Service learned today.

Attorneys for the legislators who were dispersed from the state capitol yesterday when they attempted to meet, will go into the district court of Oklahoma county this afternoon and asked for an injunction restraining Adjutant-General Baird H. Markham from using the state military forces against the legislators.

**'Battle of Hotel Skirvin'**

Hotel Skirvin today became Oklahoma's new battle ground. Sixty-seven grim members of the state legislature, who were dispersed at the point of the bayonet when they attempted to assemble "under the constitution" at the state capitol, thronged the lobby and corridors of the hotel declaring that the fight was only begun and that they were not going home until the issue with Walton is settled.

At one time a hint of possible violence was given by the presence of strapping big special state officers who swaggered about, their hip pockets bulging.

**Engaged in Tilts**

Several tilts between the legislators and the special officers already have occurred and serious trouble narrowly averted. Members of the legislature have gone so far as to protest formally to the military commanders that the so-called gunmen have inaugurated a reign of threat and terror.

McBee, leader of the rebel "sixty-seven," who himself engaged in controversy with one of the special officers, said the situation is "intolerable." He said the legislators have just begun the fight and insisted that the legislature is still in session.

Governor Walton, however was just as insistent this morning that the legislature is not in session. He declared that "it's dead, has not met and won't meet."

Governor Walton read to newspapermen telegrams received in which his stand against the Ku Klux Klan was praised and in which he was urged to "keep up the fight."

The governor said he would place another county in Oklahoma under strict martial law "in the very near future." He did not name the county, but said the mayor and other citizens had asked him to act "for their protection."

## 30 Members Epworth League Represent City

A rally of Epworth League members in the Southern Conference will be held tonight in the First Methodist church of Los Angeles.

Elwood Ingledue of 501 East Wilson avenue, president of the society at the First Methodist church, predicted this morning that the three local Methodist churches will be represented by about thirty delegates.

Bishop Adna W. Leonard will speak upon the subject: "Serving the Present Age." His speech will be preceded by an organ recital at 7 o'clock by Arthur Blakeley and a short concert by the Elite male quartet.

## Mass Meeting Called on Colorado Street

A mass meeting to perfect a permanent organization of Colorado street property owners has been called for Friday night at 8 o'clock in the council room at the city hall. This call follows a preliminary meeting Monday night of this week at the office of Harvey C. Patterson, 1330 East Coorado street.

At the Monday night meeting the formation of an organization was discussed and the concensus of opinion favored such action. J. B. Boland and Harvey C. Patterson were elected temporary president and secretary.

## LYMAN STEWART DYING

LOS ANGELES, Sept. 27.—Lyman Stewart, 84, founder of the Union Oil Company of California, and chairman of the board of directors of the company, was today reported near death in his home.

## Fifteen Towns Named Glendale in United States

**DUPLICATION of the names of many towns and cities throughout the United States is one of the fertile causes of mail going astray, and the residents of Glendale, Calif., are warned to impress on their correspondents the necessity of putting the name of the state clearly on all their letters.**

**Besides Glendale, Calif., there are fourteen towns of the same name scattered around, and one town, in West Virginia, that splits its name in the middle and spells it Glen Dale. These towns are found in Arizona, Illinois, Iowa, Kentucky, Massachusetts, Ohio, Oregon, Rhode Island, South Carolina, Tennessee, Texas, Utah, Washington and Wisconsin, and down in North Carolina they have a Glendale Springs.**

**Residents of Glendale, Calif., realize that their own city is the biggest of all the Glendales and the most important, but there are still a number of those who sit in darkness left in the United States, and for their information the name of the state should be appended.**

## MONTH'S PERMITS REACH $600,000

### Rush of Applicants Swamps Building Department at City Hall

Over $57,000 worth of building permits were issued the last two days at the city hall. This sum increased the total for the month to $597,039—and today, September goes over the $600,000 mark. The total for the year to date this morning was $7,252,766.

Contractors and home builders continue to pack the headquarters of the building department and so many applicants for permits are lined up at the counter frequently that it is difficult to take care of them.

## DICTATOR'S GRIP CLOSES AS BAVARIA THROWS OFF FEALTY TO BERLIN RULE

### Break Up Of Republic Into Small States Is Predicted Unless Federal Authorities Can Quell Plots Of Monarchists

ANNABERG, Germany, Sept. 27.—Many persons were wounded in violent clashes between communists and police here today.

**DRESDEN, Sept. 27.—Indignation swept Saxony today over the appointment of Minister of Defense Gessler as national dictator.**

**Premier Zigner of Saxony has been conducting a bitter campaign against Herr Gessler, characterizing him as a "tool of the nationalists." There is a possibility that Saxony may establish a dictatorship of her own, following the lead set by Bavaria.**

**The communist movement in Saxony is strong and the state is close to Moscow.**

**DUSSELDORF, Sept. 27.—German communists have called a general strike of coal miners in the Ruhr. It is already effective in the Gelsenkirchen area.**

AFTER slightly more than a half century's existence, the German empire, formerly the dominating power of continental Europe, is threatened with dissolution today.

A dictator has been appointed at Berlin to counteract the action of Bavarian nationalists in appointing a dictator for that state.

The revolutionary movement is strong in Bavaria, which is the hot-bed of monarchist and anti-socialist feeling in the German state.

Fostered by outside influences, the secessionists in the Rhineland are more active than everr before. It is understood they plan to proclaim a Rhenish republic Sunday. Saxony is ready to join with Bavaria.

Unless the federal government in Berlin is able to check the movement in Germany, within the next few weeks, it may break up into several small states. Berlin has the advantage of controlling the army and may be able to prevent a national collapse. However, its position has been weakened morally by surrendering unconditionally to France on the reparations issue.

### Dictator Is Named as Bavaria Revolts

BERLIN, Sept. 27.—Minister of Defense Gessler today was appointed dictator of the German nation with full executive powers. Previously Bavaria had announced the appointment of former Premier Von Kahr as "general commissioner" of Bavaria with full powers of an executive.

Announcement of Doctor Bessler's appointment was contained in the proclamation that a state of emergency existed in Germany.

One of the first actions of Dictator Gessler was to appoint General Von Lossow, of Munich, commander-in-chief of the Reichswehr in Bavaria. General Von Lossow was relieved of responsibility to the Bavarian authorities, reporting only to Berlin.

"There is no reason for undue alarm," Dictator Gessler told International News Service in an exclusive statement. "The situation is well in hand. The government has sufficient power and the means to preserve order. Any attempt to stir up disorder or to agitate against the unity of the German state or against the present republican form of government will be put down ruthlessly."

## COPS' BRUTALITY REVEALED IN L. A.

### Beat Up Deputy District Attorney by Mistake, It Is Charged

LOS ANGELES, Sept. 27.—The fact that Deputy District Attorney William J. Clark, one of the best known prosecutors in the county, was "beaten up" by mistake in a "third degree chamber" at the city police station, was revealed today when it was learned that an investigation was under way into cases of alleged brutality of policemen in handling prisoners.

The investigation was started by the district attorney's office following the amazing experience of Deputy District Attorney Clark in which he states he was beaten by four city detectives while at the police station on duty in connection with his work as chief of the homicide detail of the district attorney's office.

## BULGAR PEASANT REVOLT QUELLED

### Premier, Reported Slain, Says Communists Are Crushed Everywhere

Copyright, 1923, International News Service.

LONDON, Sept. 27.—Alexander Zankoff, premier of Bulgaria, in a telegram to International News Service, said the peasant revolution has been suppressed.

This message automatically denies reports current in Belgrade and Athens that the Bulgarian premier had been assassinated. The message follows:

"During the Stambueisky regime communists in Bulgaria enjoyed many favors from the government. From this tolerance they were able to develop vast propaganda and a most effective organization.

"Following the change of government, the new atuhorities were unable to tolerate such machinations. Repeated appeals were made by the Moscow (third) internationale, to Bulgarian communists to resist the new Bulgarian government with force of arms.

**Coup Is Planned**

"Thereupon the Bulgarian communists decided to organize a coup. Certain leaders of the communists were arrested and the government took measures to safeguard the security of the state.

"On September 20, the trouble broke out at Novazagora, Starazagora, Tchripan and surrounding districts. It was not grave because there were only a few communists to take part. Within a few hours the police, with the assistance of the population, who aided the authorities simultaneously and without thought of reward, put down the disorders. The communists suffered heavily.

"On September 23, new disorders broke out inthe mountain districts southwest of Berkovitza. Communists were able to oppose the government with force of arms. Troops have succeeded in restoring order.

"There will be no trouble in Sofia nor in any other large cities but in order to prepare for eventualities the government took necessary steps and proclaimed a state of siege.

"A majority of the population spontaneously came to the aid of the government and opposed the communist movement, which is now completely checked everywhere."

## Two Killed, Six Hurt in Fuel Oil Plant Fire

BAYONNE, N. J., Sept. 27.—Two men were killed and six others were injured in an explosion and fire early today in the plant of the Baker Fuel Oil company.

Shortly after the explosion, fire reached several nearby oil tanks, and the entire fire-fighting force of Bayonne was called out to prevent a further spread.

The cause of the explosion has not been detrmined. The damage, it is estimated, was $200,000.

E. H. Hall, who has been visiting with his mother, Mrs. W. W. Hall of 331 West Patterson avenue for the past week, left recently for his home in Modesto.

Mr. and Mrs. P. L. Hatch of 618 North Kenwood street, are having the pleasure of entertaining as their house guests this week, Mr. Hatch's brother, E. L. Hatch of Riverside.

Mrs. J. S. Olin and daughters, Misses Louise and Sarah, who have been spending the summer at 510 South Adams street, have gone to Fullerton, where Miss Sarah has a school.

Mr. and Mrs. Frederick Brown and three daughters moved Saturday from Los Angeles, and have located near the new high school. They expect to build a new home here this year. They formerly lived in Casa Verdugo.

Mrs. Nellie Snow Hyer, Mrs. Margaret Kaeding and Mrs. W. B. Kelly, representing the Glendale War Mothers and Women's auxiliary of the American legion, motored to Sawtelle yesterday to visit the boys in the government hospital.

Mrs. C. J. Walton of North Jackson street left Tuesday of this week for the East for a two months' sojourn. From here she goes directly to Des Moines, Iowa, where she will spend several weeks with her parents before continuing to Chicago.

Mrs. Carrie Farrell and daughter Miss Kathryn Farrell of 435 West Patterson avenue, had the pleasure of entertaining as their house guests over the week-end, Lieut. G. J. Farrell and Lieut. Bill Hacter of San Diego. Lieut. Farrel is Mrs. Farrell's son.

Mrs. John W. Cotton of 1202 East Colorado boulevard is expecting her aunt, Miss Mary Stone, to arrive from Santa Barbara Friday. Miss Stone has been spending a year visiting relatives on the coast and will leave Monday for her home in Boston, Mass.

Mr. and Mrs. G. W. Hurd of Hollywood, former residents of this city, were guests of honor at a dinner given Tuesday evening at the home of Mr. and Mrs. Robert A. Tidwell of North Orange street. The two families were formerly neighbors in Pennsylvania.

Mr. and Mrs. J. C. Reinhard and family of Glenwood road are leaving soon for their cottage at Manhattan Beach to spend the winter months where their son, Robert, will recuperate from a recent illness. James and Anna Marie will attend school at the beach city.

Dr. Laura Brown of 607 North Geneva street and Mrs. M. P. Harrison of 323 North Maryland avenue were the luncheon guests today of Mrs. M. L. Richards of Manhattan, Nevada, who is sojourning in Los Angeles, and Miss Dorothy Tuell and Mrs. Martha Franklin also of Los Angeles.

Mr. and Mrs. C. M. Harrison of 606 North Isabel street and their guest, Miss Jane Harrison of Detroit, Mich., who has been visiting here for several days, enjoyed a pleasant motor trip Sunday to Redlands. Miss Harrison remained in Redlands, where she has been the guest of Mrs. Vernon Hunt. She is expected to return to Glendale for the week-end.

Mrs. W. W. McElroy of 510 South Adams street was hostess Tuesday at a dinner celebrating the birthday of her son, Harold A. McElroy. W. W. McElroy arrived home Monday from a long automobile tour, in time to participate in the celebration. H. A. McElroy announced that his new home in Montebello is completed and invited all present to dinner this coming Sunday.

The house guests of Mr. and Mrs. R. O. Hankey of 427 North Maryland avenue, Mrs. G. W. Wikander and children, Douglas and Mary, who have been visiting here for several days, recently left en route to their home in Detroit, Mich. The Hankeys and Mrs. Wikander were formerly neighbors in Detroit, Mr. and Mrs. Hankey's former home. Mrs. Wikander and children have been sojourning in Southern California for several months and are delighted with Glendale and may make their permanent home here next year.

Miss Ina Mae Hock, daughter of Mr. and Mrs. H. L. Hock, of 222 South Glendale avenue, just recently returned from the East,

## Name New Leader

At the meeting yesterday of the Mutual Benefit Reading circle, announcement was made of the action of the executive committee appointing Mrs. H. V. Henry, chairman to succeed Mrs. A. A. Barton, who is unable to serve because of her duties as secretary-hostess at the Tuesday Afternon clubhouse. Mrs. C. H. Crawford has been appointed vice chairman.

Mrs. Barton presided at the meeting yesterday, when Mrs. A. H. Brown told of a request from the McKinley school in Pasadena for a speaker on reading circle work.

During the morning meeting Mrs. McLean reviewed an article, "Should Your Child Go to College?"; Mrs. C. H. Thompson was appointed chairman of the purchasing committee; Mrs. C. H. Bird was appointed to get estimates on printing quotation books.

After the luncheon hour Mrs. H. V. Henry continued reading "The Big Injun Age" from "Play and Education" by Lee, and Mrs. Alma J. Danford, librarian, greeted the circle.

At the close of the day Mrs. Barton expressed her appreciation of the loyalty and co-operation of the members during her term of office and expressed regret at the end of their association.

## With Mrs. Lusby

Mrs. Letitia Lusby was the hostess Wednesday afternoon at her home, 208 Hawthorne street, at the first meeting of the year of Chapter L, P. E. O.

Following the business session with Mrs. Genevieve Goss, president, in the chair, Mrs. Anna P. Bartlett, chairman of the year book committee had charge of the program of the afternoon, which consisted of reminiscences of the members of their vacations.

A number of members had taken extended trips. Mrs. Emery had enjoyed a trip to the Canadian Rockies; Mrs. Pearce back to her home in Michigan; Mrs. Randolph, a trip north. Not the least interesting was Mrs. Temple's description of "back scenes" in the production of the immense pageant "The Wayfarer," at the Stadium, Exposition Park, in which Mrs. Temple took the part of Columbia.

Mrs. Campbell, with Mrs. Bartlett at the piano, led the chapter in community singing, which will feature the programs of the chapter this year.

♣ ♣ ♣

## Supreme Gathering

Glendale P. E. O. chapters are to have the honor of having Mrs. Eva Cunningham of Chapter BA, in attendance at the supreme chapter convention in Seattle, Wash., October 2 to 5, as one of the eighteen state delegates from California.

Mrs. Cunningham is to leave for the north on Saturday. At the close of the convention she will visit relatives and friends in Portland and return home in about three weeks.

## Friendly Society

One of Glendale's societies which is of real value to the young women of Glendale is the Girls' Friendly Society. This society was organized by a group of young women of the St. Mark's Episcopal church and is now a non-sectarian club for young women 16 years of age or over.

The purpose of the society is to promote comradeship and loyalty among young girls. Charity and social service work is the principal activity carried on by the members. Their motto is "Bear Ye One Another's Burdens".

The members are carrying on a membership drive this month and each day are securing a number of new members. The society meets every Tuesday night at 6:15 o'clock in the Guild hall of the Episcopal church where supper is served and later a social evening enjoyed.

Last night a membership party was given at the home of Mrs. P. E. Cory at 820 South Central avenue, and proved to be one of the most enjoyable social affairs given by the society.

During the evening a very pleasing program was presented which included:

Piano solo, "Reverie" (Schute), and song (Mac Dowell), by Miss Lilla Litch; vocal solos, "Who Knows?" (Ball) and "Just An Old Song" (Schertzinger) by Mrs. Ethel Read; readings, "Mrs. Clamor Hate's Notoriety", "My Chum", and "Fifty Years From Now," by Miss Adel de Voe Lloyd, of the Emerson school of expression.

Contests and games were enjoyed such as the string race, hobble race and balloon race. Later in the evening refreshments were served by the hostess and social committee.

Those present were Misses Hulda Isaacs, Ardes M. Hersong, Laura Clark, Marie Powers, Peggy Powers, Ethel Read, Esther Veitch, Gladys Katterman, Thelma Johnston, Vera Witcher, Gladys Lamont, Louise Ayala, Margaret Lou Cory, Adel de Voe Lloyd, Elizabeth Ferries, Muriel Gambrill, May Louise Grezer, Lilla Litch, Mesdames Powers, Dorothy Sullivan, Philip Kemp, P. E. Cory, and Gaulrapp.

All young women of Glendale who like good times, good eats and good fellowship are cordially extended an invitation to join the Girls' Friendly Society. All interested are asked to get in touch with Mrs. Philip K. Kemp at 419 East Harvard street or Mrs. P. E. Cory, 820 South Central avenue.

## Music Roundtable

The Glendale Music club teachers' round table, of which Mrs. Eva Cunningham is chairman, held the first meeting of the year Wednesday at the Egyptian Village and outlined plans for the activities for the coming year.

Luncheon was served at noon and Mrs. Dora L. Gibson introduced the guest of honor, Miss Adelaide Trowbridge of Los Angeles, who gave a very interesting talk relative to the meeting held at San Jose for the purpose of discussing plans for allowing pupils credit in the public schools for the work and study with outside music teachers. Miss Trowbridge is head of the piano normal department of the College of Music of the University of Southern California.

Mrs. Mattison B. Jones, president of the Glendale Music club, gave an interesting talk regarding the work for the coming year, and also urged the members to make their reservations early for the coming concert, to be given under the auspices of the Music club.

At this time it was decided to hold the teachers' round table the fourth Wednesday of every month.

Members who were present at the luncheon and meeting yesterday included Mesdames Eva Cunningham, Mattison B. Jones, Dora L. Gibson, Grace Jackson, Charles Marlenee, L. N. Hagood, Calvin Whiting, H. E. Cavanah, Lillian Smitz, Roberta Young, Gertrude Champlain Erb, Harry Girard, Eugene Murman, and Misses Campbell, Clara Wolters, Betty Webster, Martha Rusell, Lilla Litch, and the honor guest, Miss Adelaide Trowbridge.

♣ ♣ ♣

## Banquet Guests

Members of Omar Shrine No. 9, White Shrine of Jerusalem, were the honor guests at a banquet last Tuesday night given by the Arteban Shrine of Pasadena. Approximately 47 members and officers from Glendale were present.

During the evening officers of the local Shrine took charge of the initiatory services.

A pleasing feature of the evening was the presentation by Mrs. Adele Klocke, worthy high priestess, in behalf of Arteban Shrine, to the Omar Shrine of a miniature garden and home, symbolic of Glendale, the home city. Mrs. Klocke stated, that although Glendale is "the fastest growing city in America," they were the fastest builders, because they could build a home and produce growing plants and flowers over night.

A pleasing program was presented including readings by Mrs. Evelyn G. Pierce, worthy high priestess of Omar Shrine, and vocal solos by Mrs. Mina Wendzel.

♣ ♣ ♣

## Shrine Hostess

Mrs. Evelyn G. Pierce, worthy high priestess of Omar Shrine No. 9, White Shrine of Jerusalem, was hostess yesterday to the members and officers of the shrine, when she entertained with a 1 o'clock luncheon complimenting Mrs. Verna Piquette.

The Pierce home was artistically decorated in pink and white, asters being the flowers used. A beautiful bowl of pink and white asters formed the center piece for the luncheon table.

After luncheon the guests spent the afternoon sewing and later a social hour was enjoyed.

## Legion Auxiliary

Mrs. Margaret Kaeding, president of the Women's Auxiliary of the local American Legion post, is looking forward to attending the national convention of the Auxiliary, beginning October 15 in San Francisco. She will attend as one of the national delegates.

The Glendale Auxiliary was represented last night by Mrs. Charles Jones and Mrs. Eugene Gilliland, at the affair given at a large tea room in Los Angeles for Dr. Kate Wallor Barnett, national president, and Mrs. Hobart, national past president.

These two guests spoke and urged the Legion women to work for larger memberships and to affiliate with state and national organizations in order that records may be properly kept for posterity.

♣ ♣ ♣

## Couple Honored

Miss Irene Whittaker and Charles W. Cannon, whose engagement was recently announced, were honored last night when Mr. and Mrs. B. O. Holbrook of 426 West Harvard street, entertained officers of 1923 of Glen Eyrie chapter, Order of Eastern Star.

Assisting the Holbrooks were Mrs. Anne Clark, Mrs. Alice Carvel and Mr. and Mrs. Matthew Dewar.

An attractive supper table was arranged with dahlias and place cards in the form of the lodge emblem, the star. Twenty-two places were marked at the table.

Miss Whittaker and Mr. Cannon were the recipients of a shower of miscellaneous gifts for their future home.

♣ ♣ ♣

## P. E. O. Chapter

Announcement was made this morning that the first regular meeting of Cnapter AH, P. E. O., will be held Wednesday, October 3, with Mrs. Mary Pollock at Ocean Park. All members desiring transportation are to communicate with Mrs. Fannie Beach at Glendale 2403-W.

An informal meeting of the chapter was held yesterday afternoon at the John Hobbs home at 922 South Central avenue.

♣ ♣ ♣

## Artists' Section

The Artists' section of the Glendale Music club of which Miss Gertrude Cleophas is chairman, will hold a meeting tomorrow night, Friday, September 28, at 8 o'clock at the home of Mrs. LeRoy Bosserman, 614 South Central avenue.

At this time organization details will be completed and plans inaugurated for the year's program.

All interested are cordially extended an invitation to attend.

♣ ♣ ♣

## W. C. T. U. Affair

Glendale W. C. T. U. members, led by their president, Mrs. Ruby J. Smart, are to go to Eagle Rock tomorrow to participate in the all day institute of the Los Angeles county W. C. T. U. in the Presbyterian church on Central avenue. All attending are asked to bring lunch. The morning meeting will begin at 10 o'clock.

## Will Run Ice Route From San Fernando

Permission has been granted by the railroad commission to James N. Harding and William T. Burr, to operate an automobile truck line as a common carrier of ice between San Fernando and railroad sidings within a radius of fifteen miles of San Fernando, and from Los Angeles and Glendale to San Fernando.

## U. P. Gets Permit to Convert British Bond

WASHINGTON, Sept. 27.—The Union Pacific railroad has been authorized by the interstate commerce commission to convert an English bond amounting to 4,000,000 pounds sterling into bonds amounting to $20,000,000, and to increase the interest rate from 4 to 5 per cent. These bonds are to be sold at not less than 97 per cent of par and accrued interest.

## MINOR OPERATION

A minor operation was performed upon Miss Josephine Farnham of 316 North Louise street yesterday at the Glendale Research Hospital.

Most chaotic conditions will submit to a level head.

INTRODUCING OURSELVES

We have incorporated a home company, backed by home people, to serve Glendale and vicinity. The scope of its business is indicated by its name—

"VALLEY MORTGAGE AND FINANCE COMPANY"

Located for Business at 211 East Broadway

We are making very substantial investments of our own capital in the stock of this company, and, to enlarge the working capital of the company, we are inviting those who have known us to join us.

So sure are we of success that we are going to forego any profits on our own investment until we have paid to those who join us at least 8% on their money.

But even on surplus earnings above the 8% we are going to share with those who join us in the earlier stages of the company.

This is accomplished by the method of organizing the company as approved and supervised by the very efficient Corporation Commissioner of the State of California.

Our $500,000 authorized capital stock is divided half and half into Preferred and Common stock. The Preferred stock gets the first 8% out of the company's earnings. This must be paid before holders of the Common stock can share in the earnings.

Now you may be sure that we think the Common stock will pay well, because we have put our money into the Common stock. If we had not been absolutely sure on this point we would have bought the Preferred.

We have the permission of the Corporation Commissioner to sell the Preferred stock at its par value of $100 per share, and to give without cost to each purchaser of Preferred stock one-fifth as many shares of Common as they purchase of the Preferred. This gives to those who invest with us in the beginning not only a first lien on the earnings of the company to the extent of 8%, but also an interest in all of the earnings above 8%.

Your money is invested only in secured loans and in such securities, etc., as we are personally willing to put our own money.

The only risk you take is as to whether the managers of this company have brains enough to loan their own money and yours profitably, and as to whether they will deal fairly with you.

On this point our records and long experience in this and other communities are as an open book.

## Text of Glendale Sewer Contract Given

(Continued from page 1)

and work will begin immediately after Glendale votes the necessary bonds. The diameter of the big pipe will vary from forty-two to fifty-four inches, according to location.

### Text of Agreement Given in Full

The Glendale Evening News presents herewith the copy of the contract between Los Angeles and Glendale for solving this city's sewage disposal problem, it being as follows:

THIS AGREEMENT, Made and entered into this ..... day of ....., 1923, by and between the CITY OF LOS ANGELES, a municipal corporation of the State of California, party of the first part, and the CITY OF GLENDALE, a municipal corporation of the State of California, party of the second part,

WITNESSETH:

That the party of the first part, in consideration of the covenants and agreements hereinafter contained to be performed by the party of the second part, does hereby covenant and agree with the said party of the second part as follows:

I

That said party of the second part hereby agrees that it will procure all necessary rights-of-way, and will lay and construct a sanitary sewer varying from 3 feet 6 inches to 4 feet 6 inches in internal diameter, betwen the points, in the City of Los Angeles, and upon the line, as nearly as may be, described as follows:

Beginning at an angle point in the intercepting sewer on the east side of the Los Angeles river on the easterly prolongation of Sixth Street, and west of Utah Street; thence in a general northerly direction on the east side of said river across private property and in public streets to a point at the westerly end of Dayton avenue; thence in a northwesterly direction across said river and private property and in public streets to a point on the west side of said river on the northerly prolongation of Worthen Avenue; thence in a northerly direction across said river to a point at the southerly end of Garden Avenue produced; thence in a general northwesterly direction along public streets to a point at the intersection of Garden Avenue and Rigali Avenue; thence in a northwesterly direction across private property to a point in Aviation Drive on the east side of said river, which point is opposite the intersection of San Fernando Road and Sycamore Avenue in the City of Glendale, all of which description being in accord with the location shown on Plan No. 29112.

II

That said party of the first part agrees that it will permit said party of the second part to connect its sewer system to said sewer so to be constructed and to discharge therein the sewage of said party of the second part arising within the territory now lying within the present boundary lines of said party of the second part, City of Glendale, and to continue such connection with said sewer so to be constructed until the full capacity of said sewer has been reached by sewage from all sources to be discharged into said sewer under the terms of this agreement.

III

That when said sewer so to be constructed shall be completed the same shall be connected with the Outfall Sewer of said party of the first part, leading to the Ocean, and then in operation, and that eventually, and as soon as possible, the said sewer so to be constructed hereunder shall be connected with the North Outfall Sewer of said party of the first part now being constructed from funds of the recent $12,000,000 bond issue of said party of the first part.

IV

Said party of the second part agrees to procure as soon as possible, by purchase or condemnation, (or if it is necessary for the party of the first part to condemn, second party agrees to pay all costs thereof) all necessary rights-of-way for said sewer so to be constructed, between the points in said City of Los Angeles hereinbefore mentiond, and along the line, as nearly as may be, hereinbefore dscribed; said points and said line being subject to such modifications as may be found to be necessary and convenient, for the laying and construction of said sewer, according to the engineering designs, plans and specifications of the Board of Public Works of the said City of Los Angeles, party of the first part.

V

It is mutually understood and agreed by and between the parties hereto that said party of the first part shall have the right to make all connections to said sewer so to be constructed hereunder and discharge all sewage into said sewer from any and all territory within the present boundaries of said City of Los Angeles, party of the first part, or from any and all territory which may hereafter be annexed to or consolidated with said City of Los Angeles, party of the first part, which territory is so located as to be properly or necessarily tributary to said sewer so to be constructed under this agreement.

VI

The party of the first part agrees to dispose of all sewage discharged into the said sewer up to the full capacity thereof; and it is mutually understood and agreed that when the full capacity of said sewer has been reached by the discharge of sewage therein from all sources allowed by this agreement, without regard to the relative amount so discharged therein from territory within the respective cities, parties hereto, that then the obligation of the party of the first part shall cease and the said party of the first part and the party of the second part shall thereafter make no further connections with said sewer and that either of said parties hereto may then and thereupon resort to any court of competent jurisdiction to prevent such further connections with said sewer; and that the foregoing shall be considered a substantial and essential provision of this agreement; provided, however, that such preventive action shall in no wise affect the prosecution or continuance of any other action or proceeding available under the terms of this agreement.

VII

In consideration of the foregoing covenants and agreements on the part of the said party of the first part, the said party of the second part hereby agrees to submit to the voters of the said City of Glendale within a period of ninety days from and after the execution of this agreement, a proposed bond issue to carry out the terms and conditions of this agreement, and also to submit to the voters at the same time a proposition to approve this City of Glendale, said party of the second part further agrees that in the event such bond issue and this agreement are approved by a two-thirds vote of the electors of said City of Glendale, said party of the second part will proceed to procure said rights-of-way and construct said sewer as herein provided for.

Said sewer shall be constructed in accordance with designs, plans and specifications to be adopted by the Board of Public Works of the City of Los Angeles, and said construction shall be under the supervision and to the satisfaction of the Board of Public Works of the City of Los Angeles.

VIII

Said party of the second part further agrees to pay to the said party of the first part at the end of each fiscal year, its proportion of the annual cost of the maintenance of the Outfall Sewer and Treatment and Disposal Plants of said party of the first part; and in addition thereto its proportion of the cost of repair, upkeep, maintenance, reconstruction and renewal of the said sewer to be constructed under the terms and conditions of this agreement; said portion of such cost so to be paid by the said party of the second part to be estimated and determined according to the ratio of the sewage flow of said City of Glendale to the entire sewage flow from all sources discharged into and carried by the Outfall Sewer of the said party of the first part.

IX

That in consideration of this agreement said party of the second part does hereby give and grant to said party of the first part the right to lay and construct any and all main sewers and lateral sewers in under and along any and all of the streets of the said party of the second part, City of Glendale, necessary to connect any and all territory within the boundaries of the party of the first part, City of Los Angeles, to said sewer so to be constructed under the terms of this agreement.

X

That said party of the second part hereby agrees to comply and to take all measures within its power to require all persons, firms or corporations within its boundaries using said sewer so to be constructed hereunder, to comply with any and all requirements, rules and regulations which the said party of the first part, City of Los Angeles, shall or may by ordinance or resolution place upon and apply to persons, firms or corporations using said sewer within the boundaries of said City of Los Angeles, or within any territory which may hereafter be annexed to or consolidated with said City.

IN WITNESS WHEREOF the said CITY OF LOS ANGELES has, by resolution of its City Council, caused this agreement to be executed by its Mayor and City Clerk, and the said CITY OF GLENDALE has, by resloution of its City Council, caused this agreement to be executed by its Mayor and City Clerk, the day and year first above written.

## Sun Drug Company Store Here Secures Benefits Of Organization For Service

**R. R. ZANE, managing director of all Sun Drug Company prescription departments, for twenty-two years with Ely Lily Company, Indianapolis, one of the world's largest pharmaceutical manufacturing houses.**

**L. E. MILLET, manager of the Glendale branch of the Sun Drug Company's store, 133 North Brand boulevard. He is a member of the Glendale Exchange club and a distinct asset to the city's business life.**

THE Glendale store of the Sun Drug Company, located at Jensen's Palace Grand Arcade, 133 North Brand boulevard, formerly Jensen's Drug Store, is No. 34 of the Sun system, states A. J. Neve, vice president and general manager of the chain.

"Of these thirty-four stores, all but one are located in Southern California," Mr. Neve points out, "and that one is in San Francisco. Naturally, great economies both in buying and in selling can be effected through such an organization.

"Through affiliation with other eastern institutions that have a combined purchasing power of over $50,000,000 a year, our New York offices are able to buy on a tremendous scale. These vast purchases of the highest quality goods are passed on to the public with minimum selling expense, by means of a carefully trained, efficient sales force functioning under the Sun system, their motto the Sun emblem, "The customer must be satisfied."

**Thousands of Customers**

"Back of the Sun Drug company is an investment of several million dollars, held entirely by Southern California business men. Our total business, which is always growing, ran $6,000,000 last year. Upwards of 300,000 customers per month are served at our soda and lunch fountains alone.

"The Sun policy is always conservative. It is, moreover, cooperative, every manager and executive sharing in the profits. We believe we have one of the best profit-sharing plans in the country, for rewarding employes who share the responsibilities of our organization. Our rule is the Golden Rule, not in mere words but in specific deeds. We demand that this rule be scrupulously observed in every department of our large organization.

"The Sun Drug company prides itself particularly upon its ethical prescription service, under R. R. Zane, managing director of all the company's prescription departments, for twenty-two years with the Eli Lily company, Indianapolis, Ind., one of the argest pharmaceutical manufacturing houses in the world.

**Highest Efficiency**

"Mr. Zane has thoroughly standardized and systematized our prescription departments, not only with regard to drugs and chemicals but also in the matter of dispensing the same. Even though a pharmacist may have several certificates, he seldom advances to the stage of filling Sun prescriptions without first undergoing a post-graduate course under Mr. Zane, as the customer who buys a prescription from the Sun has a right to expect the very purest drugs, mixed in the most scientific manner.

"The Sun Drug company also maintains, among many other unique departments, an information bureau for physicians, where they may receive literature on all new remedial products of science. This service has proved invaluable to many busy doctors.

"The Glendale store will be run on the identical policy of all our other stores, ensuring customers every advantage of the Sun system. The same high quality and attractive prices as in all Los Angeles and other stores will prevail, making it totally unnecessary for local people to come to the city for anything in the drug line.

**Glendale Manager**

"L. F. Millet, manager of the Glendale store, is a man who thoroughly understands the Sun policy and system and can be counted upon to offer the public of your city a wholly satisfying service. He is a member of the Glendale Exchange club and will take an active part in local affairs."

Mr. Millet, who has been associated with Mr. Neve since 1911, states that while the Glendale link in the Sun Drug chain encircling Southern California in a novel system of service will be run on the standard Sun policy, the local store will nevertheless have an individuality of its own, being so conducted as to become a part of the life of the community, a store for the whole family, from children up.

**NOTICE OF TRUSTEE'S SALE**
**Sale No. 3157**

Whereas, by a Deed of Trust, dated May 15, 1920, recorded May 21, 1920, in book 7192, page 251, of Deeds, Records of Los Angeles County, California, to which record reference is hereby made, Mabel Galer and John W. Galer, her husband, did grant and convey the property therein and hereinafter described to the TITLE GUARANTEE AND TRUST COMPANY, as trustee, to secure, among other things, the payment of one certain promissory note, in favor of H. A. Church and others sums of money advanced and interest thereon; and

Whereas, there has been a default in the payment of the monthly installment of principal and interest due and payable on said note, March 15, 1923, and all subsequent monthly installments of principal and interest and by reason of such default; said H. A. Church, the owner and holder of said note and trust deed, in accordance with the provisions thereof, on to-wit, May 29, 1923, exercised his option and declared the full amount of the indebtedness secured by said trust deed immediately due and payable, there being the total sum of $1,217.42 now due and unpaid; and

Whereas, in accordance with the provisions of Section 2924 of the Civil Code of the State of California, said H. A. Church, the owner and holder of said note and trust deed, on June 1, 1923, caused to be recorded in the office of the County Recorder of said Los Angeles County, a notice of such default in the payment of principal and interest and of his election to cause the property described in said trust deed to be sold, in accordance with the provisions thereof, to satisfy said obligation, which notice of default and election to sell was duly recorded in Book 2378, page 112 of Official Records of said Los Angeles County; and

WHEREAS, said Trust Deed provides that, if there is a default in the payment of any of the sums secured thereby, upon application of the holder of said note, the trustees shall give notice and sell so much of the property as shall be necessary to satisfy the indebtedness secured thereby.

WHEREAS, said H. A. Church, by reason of the default in payments as stated, has requested THE TITLE GUARANTEE AND TRUST COMPANY to give notice and to sell said property, or so much thereof as shall be necessary to sell, to pay all the indebtedness secured and expenses incurred necessary to the execution of said trust.

Now, therefore, notice is hereby given that the TITLE GUARANTEE AND TRUST COMPANY by virtue of the authority vested in it as Trustee, will sell at public auction, to the highest bidder, for cash in gold coin, on the 6th day of October, 1923, at the hour of 11 o'clock a. m. of said day, at the western front entrance of the Court House in the City of and County of Los Angeles, State of California, all the interest conveyed to it by said Trust Deed, in and to all the following described property, situated in the City of Glendale, County of Los Angeles and State of California, to-wit:

The west one-half (w½) of Lot Seven (7) of Oliver's West Glendale Tract, in the City of Glendale, County of Los Angeles, State of California, as per map recorded in Book 9, page 58 of Maps, in the office of the County Recorder of said County; except the West Twenty (20) feet thereof, granted for road purposes, as shown on map of Tract No. 1587, subject to a mortgage to secure a note for $1800, recorded in Book 4463 of Mortgages, at page 338, Records of said Los Angeles County, to which mortgage and the record thereof reference is hereby made for further particulars; or so much thereof as shall be necessary to pay the total amount of the principal, interest, advances, charges and costs, amounting to the sum of One Thousand Four Hundred Fifty and No-100 Dollars ($1,450.00), due and unpaid.

In Witness Whereof, the TITLE GUARANTEE AND TRUST COMPANY has duly authorized this notice by the signature of its Vice President, attested by its Secretary, who has affixed the Corporate Seal, at Los Angeles, California, this 6th day of September, 1923.

Gossip among delegates here is that the radical or extremist group will have little voice in the convention proceedings. William Z. Foster, radical leader, is scheduled to arrive in Portland Sunday night. He is to make an address on the night of October 7, at a local hall. It is said if he attends the federation convention it will be as a spectator. President Gompers is said to be more determined than ever to see that alleged communists have no voice in the affairs of the A. F. of L.

Federal officials and agents of the department of justice will keep a close eye on the proposed national "emergency convention" of the communist party of America, which is likely to convene here this week.

## TUJUNGA ROAD COMMITTEE ASSEMBLES DATA

### Funds Available for Street Work Will Determine Improvements

No final decisions or definite plans were formed at the first meeting held by the Tujunga Chamber of Commerce road committee. Another meeting will be held Friday night at the home of H. H. Breidt, president of the chamber.

In the meantime a committee consisting of Edward Forster, Everett C. Carlson, Dr. E. M. Spates, D. E. Mills and Harry Zachau, is to get information from the county authorities as to how much money will be available for road work in this district for next year and how many miles of street work the amount will cover.

Every suggestion offered by members of the road committee, who represent different sections of town, was included in the first draft of the program. With a specified amount to work with this first draft will be changed accordingly and, if necessary, reduced to conform to the fund at the disposal of the road department for work in this district.

Wallace M. Morgan was elected chairman of the committee of the whole and H. W. Zachau, secretary. Members present were: C. H. Conway, Leo Forster, Dr. C. C. Buck, Dr. E. M. Spates, D. A. Mills, H. W. Zachau, Frank Hough, R. Shersby, George Slusher, A. H. La Rue and Wallace Morgan; W. B. Pond being the only member absent.

**Endorse Program**

Extension of highways and streets in the valley has received the endorsement of the regional planning commission.

The commission has recommended several extensions to the county supervisors, including the following: joining the proposed Foothill boulevard extension with Hillcrest drive at the eastern limits of Tujunga; joining Fairview farther west and then Monte Vista boulevard and continuing to join the new road into Tujunga canyon; extension of Honolulu avenue through the Begue ranch to Los Robles avenue, opening of Tuna canyon road from Hillhaven to Roscoe.

Future subdivision maps will provide roads of the following widths: hill drives, 40 feet; residence streets, 60 feet; business streets, 90 to 100 feet.

These recommendations can only be made effective by the county supervisors through their influence in filing the new maps of subdivisions.

Judge H. H. Breidt, president, Chamber of Commerce; Major P. J. Blake and E. C. Carlson recently accompanied Secretary Hugh Pomeroy of the regional planning commission on a tour of the valley. The recommendations were based on his observations.

**May Lose Franchise**

Unless more interest is taken by the patrons of the Verdugo Hills Transportation company in the extension of the company's service to Pasadena, the franchise is very apt to be withheld by the State Railroad commission, is the sentiment of the transportation officials.

At a hearing several weeks ago the railroad commission granted an application to operate busses from Tujunga and Sunland to Pasadena, by way of La Crescenta and La Canada. The service at present extends only to La Canada, which is on the line of the Los Angeles busses. At La Canada it is necessary to transfer to the Flintridge motor line, entailing a considerable walk between stations.

At the request of the Flintridge motor company, a rehearing was set for this week and the Verdugo Hills Transportation company will have to show cause why the present arrangement is not satisfactory or the franchise will probably be withheld.

**Service Is Delayed**

The through service was to have been in operation by the middle of this month, but objections and a request for a rehearing by the Pasadena operators caused the plan to be postponed.

Establishment of through busses would give patrons a service from San Fernando to Pasadena with but one change, at Tujunga, as there is already a bus running between Tujunga and San Fernando. This would effect a great saving in time by Pasadena-bound passengers on the trains, as they could eliminate the trip clear into Los Angeles and back out to Pasadena by disembarking at San Fernando and taking bus.

## COMMENT That's All

**Congratulations In Order**
**Solving Sewer Problem**
**Unorganized Mass Alive**
**About Newspaper News**

By Gil A. Cowan

CONGRATULATIONS are in order for everyone in Glendale, for the question of sewage disposal is tentatively settled. And that is the biggest problem the city has ever had to meet.

Congratulations and thanks also are due Los Angeles officials who have done their part so nobly in making a sister city's greater development possible. We cannot help but regard Los Angeles with the greatest respect for the magnanimous spirit with which it approached the question of assisting Glendale out of a dilemma.

So many people might be mentioned as sharing in the honor that it is useless to endeavor to list them. However, the writer might comment justly on the fact that City Attorney Jesse E. Stephens of Los Angeles has drawn a contract for the Glendale-Los Angeles trunk line sewer which has no precedent, it is said.

Glendale must now step forward and build the trunk line sewer from this city to the Los Angeles outfall, a matter which involves a bond issue, but every cent expended in the project will redound in increased values.

And there is no question in the mind of anyone but what Glendale will gladly live up to its part of the program for the development of this great and growing suburban city.

Perhaps there were none more highly elated over the results of the action by Los Angeles yesterday afternoon than members of the city council of Glendale. They have been maligned because they permitted things to take a natural course, but now it is evident that those who criticised were simply uninformed.

The writer has kept tab on every movement made to gain this contract with Los Angeles. It was told in confidence days before the public had even a hint such a thing was possible. It was necessary to have Glendale's representatives at Sacramento obtain special legislation. The power interest threatened to fight the bill, but it was ably piloted through the house by Assemblyman Frank Weller and pushed through the senate by Senator A. Burlingame Johnson.

Governor Richardson not only signed the measure but dispatched both of his secretaries to inform the writer that the so-called Glendale sewer bill had become a law. And the aid of City Attorney Stephens and Engineer Charles H. Treat of Los Angeles was enlisted. The councilmen of the metropolis also were interested in the well being of this community by the big business men who have interests here.

Absolutely nothing was left undone to accomplish the purpose and today Glendale stands at the threshold of its greatest building era; for hotels and business blocks and apartment houses and factories are assured sewage disposal.

All that is needed now is for the public to unite in the passage of the necessary bond issue and put over the project 100 per cent for Glendale.

While it may have been disappointing to some editors the fact there was no bloodshed in Oklahoma yesterday makes the public believe that the governor's troubles there will be sensibly settled by due process of law. While he has scored a victory, it is only fair that he should permit the people to express their sentiment as to whether he is right or wrong in the issue.

We find in Glendale a great majority of people commending Jack Walton for his stand in the face of an organized group to oust him from office, primarily because he is a Republican elected by farmer and labor votes, whereas the Democratic machine would have had it otherwise.

It would truly seem that the unorganized mass is beginning to make itself felt in opposition to the organized minorities which heretofore have ruled by high signing their candidates into office.

The Elwood, Pa., Ledger says something about newspapers which is enlightening to the average reader. It follows:

"Woman Slain; Husband Held." "Mob Lynches and Burns." "Four Die in Fight Over Booze." "Two Perish in Suicide Pact." Thus the headlines.

"Why do the papers print such news?" somebody asks every few days. "Why not record pleasant things?"

The answer is that they do record pleasant things. Not long since we heard a minister, in the pulpit, say that a certain metropolitan paper of the night before had been "half crime news." Curious, we secured the paper and carefully measured it up, to find that less than 4 per cent of the total could by any stretch be considered news of criminal nature. We do not mean that the reverend gentleman deliberately distorted facts; he simply did not take the time and trouble to ascertain the facts. Most papers contain many columns of pleasant news to one column of crime intelligence.

Once there was a newspaper devoted only to a record of pleasant happenings. This little Pollyanna was started in the city of Chicago a few years ago. It was well financed, and was able to engage workers of talent, ability and discrimination. It printed only the nicest kind of news. It was glad, glad, glad in every column, paragraph and line. And the professional optimists received it with loud acclaim. And it went bust in about two weeks. People tried to read it and gave it up; because it wasn't really a newspaper. It performed no real service; it wasn't true to its high calling. It failed because there wasn't room even in Chicago for a newspaper that blinks and winks at the plain facts of life, and purveys only pap to its readers. That's enough about that.

## K. C. TO INSTALL THURSDAY, OCT. 18

### Glendale Council Learns of John V. Klein's Death in Los Angeles

Installation of the recently-elected officers of the Glendale council, Knights of Columbus, will take place Thursday night, October 18, according to a decision made at the council meeting last night in the clubhouse on East Lomita avenue.

The installation was to have been held the first Thursday in October, but District Deputy Peter L. Ferry is scheduled to conduct a meeting in San Fernando that night, so the change in the Glendale installation was made.

Deputy Grand Knight M. Gannon presided at the meeting last night.

Regret was expressed over the death yesterday in Los Angeles of John V. Klein, a member of the Glendale council and a graduate of the Glendale High school last June. Mr. Klein came to California from North Dakota to reside with his sister. While in Glendale he made many friends and the news of his sudden death was a shock to his friends here.

A resolution was drawn up by the Knights to be sent to his sister and other relatives in his old home.

## Rehearsals for 'Night in Dreamland' Begin

A large crowd of local people met last night for the rehearsal of the community pageant, "A night in Dreamland," to be staged at the Tuesday Afternoon clubhouse, October 10 and 11, under the auspices of St. Mark's Guild. The rehearsals are being held at 246 North Brand boulevard under the direction of Jay Wellington.

Well-known Glendale adults and young people have been assigned parts in the cast. All talented people are invited to attend rehearsals, as there are 300 parts. Mr. Wellington states that there are a number of parts especially for high school students in a rollicking song-and-dance number, with some athletic stunts.

## My Own Not to Meet Zev in Special Race

HAVRE DE GRACE, Md., Sept. 27.—Admiral Grayson's My Own will not meet Harry F. Sinclair's Zev in a special match race in either New York or Maryland after the running of the international event scheduled to be held at Belmont on October 20.

Admiral Grayson's statement said:

"There is no use of turf fans becoming unduly exercised over a possible meeting between My Own and Zev at Laurel after the running of the international event.

"I do not propose to start My Own in any special in either Maryland or New York, unless it is an elimination affair to determine the horse to meet Papyrus in the international race."

## Jews Are Massacred in Roumanian Cities

ODESSA, Sept. 27.—Jewish massacres have broken out in Roumania, and many Roumanian Jews have fled over the border to Kishinev, according to advices from that city.

Anti-Jewish agitation is filling the Roumanian press, and Professor Kouzi, of the University of Jassy, is said to be one of the leaders of the movement. University students threatened death to Jews appearing upon the university grounds.

Yearly yield of fruits of all kinds and locally consumed in the Philippines is estimated at $15,000,000.

## WILL YANKS HAVE HITTING FAMINE?

### Last Year's Performance in Final Week of Play Reviewed by Writer

By DAVIS J. WALSH
For International News Service

NEW YORK, Sept. 27.—Just twelve months ago, almost to the day, the New York Yankees were pleased to have themselves visited by a hitting famine that began a week before the end of the regular league season and ended on the final day of the world's series. They couldn't hit a medicine ball with a fly swatter, and, in consequence, the Giant pitchers were made to appear better than they really were. History and election balloters have been known to repeat. Likewise, the Yankees.

Today they are in another hitting slump, and even George H. Ruth, the well-known left fielder has become a party to the depression. In fact, George has hit so infrequently of late that he has just about made himself a victim of self-elimination in the race with Harry Heilmann for individual batting honors.

**Fears Batting Slump**

"I don't like the way the boys are swinging," declared Miller Huggins today. "The games of the last two days were all too reminiscent of last year, when the team fell into a batting slump before the end of the campaign and carried it right through the world's series."

It's no star chamber secret that the ball club, in toto, adapts itself with marked readiness to any and all moods that may seize upon our Mr. Ruth. When he hits, they hit. When he doesn't, they don't. Seemingly, it would be the height of presumption to sock one on the bias when the noble fellow himself is unable to do likewise.

Ruth has been in a hitting slump for more than a month. In late August he was batting in the neighborhood of .405; today his average is .385, and subject to sinking spells. It was much the same last year, only more so.

**Where Difficulty Lay**

On that occasion Ruth went into the world's series with a band wagon and emerged to the plaintive notes of a piccolo solo. His average was something like .128, and this in spite of the fact that McGraw had a staff of pitchers that operated on the theory of three-or-no-count. Seldom was the original nominee able to finish what he started during the regular season; yet the world's series witnessed a seance of notable performances by Art Nehf, Jesse Barnes, John Scott and Hugh McQuillan.

The answer must have gone further than the overnight ability of these men to pitch up to National league standards. It went all the way back to the difficulty of nine Yanks being unable to hit a medicine ball with a fly swatter.

## BELMONT DENIES BUYING PAPYRUS

### $265,000 Asked for Horse by English Owner, No Offers Made

By DAVIS J. WALSH
For International News Service

NEW YORK, Sept. 27.—August Belmont, chairman of the jockey club and one of the biggest figures in American thoroughbred racing, today took occasion to issue an emphatic denial that he intended to purchase Papyrus, English derby winner, now on his way to this country to race America's best three-year-old. Mr. Belmont seemed much exercised by the matter, but whether his distress was occasioned by what he termed a "misleading report" or the price set upon the head of Papyrus was not divulged.

Ben Irish, owner of the English colt, is asking a mere matter of 55,000 pounds ($265,000) for the horse. This, if true, disposes of all possible purchasers automatically. It is the highest price, by many thousands, ever asked for a thoroughbred race horse, and makes Mr. Belmont's denial at once convincing and unnecessary.

**"Not Word of Truth"**

"There is not a word of truth in that report," declared the noted sportsman, under whose auspices the international race will be run October 20. "It is entirely fabrication. It has been noised about for quite some time, but, so far as I know, there is no foundation for it."

Apparently dissatisfied with the effect of his own denial, Mr. Belmont then called upon C. J. Fitzgerald, his representative, who went to England to arrange the details of the race, to substantiate and if possible, amplify the statement. Mr. Fitzgerald did.

**No Offer Made**

"You can quote me as saying that no offer has been made by any American for Papyrus," he declared. "I don't think there will be any offer made. Papyrus is to go back to England right after the race. The price that Ben Irish is asking for the horse is the largest in the history of racing. It is fifty-five thousand pounds."

## Papyrus' Trip so Far so Good, Report

NEW YORK, Sept. 27.—Radio advices from the Aquitania, which is bearing Papyrus into port for the international match race with America's leading three-year-old, indicate that the English derby winner is continuing to survive the rigors of the ocean voyage without distress. The ship, according to reports, has run into storms, Basil Jarvis, the trainer, stating by radio that the seas have been unusually high.

Papyrus' quarters, however, are aft of the "D"deck, the best position on the liner to overcome the motion of the sea and the horse is standing the journey well, Jarvis reported.

The Aquitania is due to dock here on Friday afternoon.

## TAGGING THE BASES

Morrison confined the Phils to one hit and the Pirates won 6 to 0.

A five-run rally in the tenth gave the Tigers two straight over the Yanks, 8 to 3.

The Indians came back like an unpaid bill and took two from the White Sox.

Davis limited the Red Sox to two hits, but issued five passes, hit a batter and made a wild throw, the Browns losing 3 to 2.

Walter Johnson shut out the White Sox 1 to 0.

## Communists Will Hold Emergency Convention

PORTLAND, Ore., Sept. 27.—A national "emergency convention" of the communist party of America is scheduled to take place here this week, it was authoritatively learned here.

The convention is veiled in secrecy, but it is said that delegates to the internationale at Moscow will be selected. It is also rumored that the purpose is to make inroads into the American Federation of Labor. The legal labor party and socialist-labor party are among the groups hearing the convention call, it is said.

One's dependency should be independent of others.

## THE GLENDALE

"The White Rose," continues at the Glendale Theatre, as a result of its amazing popularity, Manager William A. Howe having prevailed upon United Artists to give his patrons another opportunity to see it.

It is a languorous tale of the Bayou Teche section of Louisiana, as charming a locale as was ever depicted. Seated by the bank of a dreamy river down which come floating drifts of gorgeous water hyacinths, Iver Novello and Mae Marsh, in the roles of the young clergyman and the little inn waitress, spend a night that all but wrecks both their lives.

In the end "The White Rose" and her lover find happiness, but not until all but the hardest hearted have dropped a still tear or two for that love can be so sad. Seldom does such a sweet, charming tale find its way into celluloid—and then usually it is D. W. Griffith who is responsible.

## REVOLT IN RUSSIA

WARSAW, Sept., 27.—A peasant revolution was reported to have broken out in Russia. There is no confirmation of the report and in view of the strength and discipline of the new Russian army it is discredited. There was a rumor that insurgents had surrounded both Petrograd and Moscow.

## THE GATEWAY

"The Bright Shawl," with Richard Barthelmess and Dorothy Gish, is the feature at the Gateway Theatre today. Joseph Hergesheimer, who wrote the story, needs no introduction. John S. Robertson directed the film, which is released by First National.

The story is of the tempestuous type, showing between its vivid scenes the Cubans struggling for their independence. Barthelmess, as the central figure, that of an American who becomes involved in the revolution, does the best work of his career.

And as for Miss Gish's work in "The Bright Shawl," she says in her own words, "It's like coming back home to play with Dick again. When I was cast for the part of the Spanish dancer, I began to live the role. I feel it is the best think I have done."

## DR. HORTON TO SPEAK

Dr. T. C. Horton, superintendent of the Los Angeles Bible Institute, will speak at the precommunion week service at the Glendale Presbyterian church this evening at 7:30. Dr. Horton is well known all over the United States. He has many friends in Glendale who will be glad to avail themselves of this opportunity to hear his message.

## SUNLAND

# BALL CLUB WILL BE REORGANIZED

### Support of Valley Business Men Assured; Site for Grounds Sought

Complete reorganization of the Tujunga Valley baseball club, which, in former years has played under the name of Sunland, is being effected for the purpose of placing the best possible team in the field and maintaining it on a businesslike basis.

Mr. Jeffries of Tujunga has been actively engaged in a campaign among the merchants for support of the team and reports that the campaign has been successful, the only obstacle in the way of carrying out the plans in full being the selection of suitable grounds. The most desirable location would be near the highway, close to the center of town.

**Represents Valley**

The club is not and never was intended to represent any one faction or section of the valley, but rather, as the name implies, Tujunga Valley in general. Business men recognize the advertising value of a good ball club, or even an extra poor one sometimes, and know that the returns are large in the form of publicity. In many cases wide-awake Chambers of Commerce promote clubs as a means of advertising their city.

Ample backing has been pledged, according to Mr. Jeffries, to launch a team in the field worthy of meeting anything the Southern California Baseball Managers association has to offer. This association is recognized as the cradle of big leaguers, where they cut their eye teeth and round off the corners into a product that demands and gets serious attention from Pacific coast and other leagues.

**Manager Appointed**

Eddy Gilmacher is business manager of the club and expects to put it on a self-supporting basis as soon as suitable grounds can be procured. He reports an increasing enthusiasm displayed at recent games and is confident that the club will prosper if put on a business pasis. A fund of about $50 has already been secured toward new equipment and uniforms, both much needed.

Members of the team have been playing first class ball. Allen at short, Osborne at second base, in particular have been grabbing everything clean, and Brandstetter at first, while not sensational, is always steady and reliable. Any boots in his territory just now are winked at as he cannot be expected to keep his mind on the game exclusively, being a much newly-married man.

Hatch, pitcher, has won five straight games, working with Catcher Thompson. The work of Waite will be missed if he decides to leave the valley, as he has sold his business at Sunland. Harry Rice will probably succeed Waite as captain and manager. Rice knows the game and how to handle men, an absolute essential to the game.

Everything considered, Jeffries and Gilmacher believe the prospects are bright for substantial support and a good team.

## DR. L. C. STUART HERE

Dr. L. C. Stuart and wife and four children, of Rome, N. Y., have come to Glendale to live. They are domiciled at 428 West California street. The doctor is looking for a location for offices.

# RAILSPLITTERS TO MEET TINY TIGERS

### Tuffy Conn Has Lightweight Team Ready for Any Eventualities

By LARRY RAYMOND
Written for The Evening News

Coach Tuffy Conn's husky crew of football artists are scheduled to tangle with the light Lincoln High eleven on Paterson field Friday afternoon at 4 o'clock.

This will be the first game for both the Tigers and Railsplitters. The frosh have lots of class and some wonderful individual stars. In fact, the first string team is composed entirely of men with two or more years' varsity experience in high school.

Much interest is centered around the first appearance of the peagreeners, as they are doped to clean up the conference again. They are even considered superior to the material on hand for the Stanford frosh team.

The initial weeding out left the following stars on the first team: Brobst, quarter; Pitzer, full; Buxton and Purser halfbacks; Cuthbert at center; Teachout and Godet, ends; Price and Condie, tackles; and McCann as one guard. The other guard position has not been filled.

Following is the Occidental frosh football schedule for the 1923 season:

October 3—Dinuba High vs. Oxy Frosh, at Oxy.

October 27—Oxy Frosh vs. San Diego High, at San Diego.

November 3—Oxy Frosh vs. Dinuba High, at Dinuba.

November 2—Calteck Frosh vs. Oxy Frosh, at Rose Bowl, Pasadena.

November 17—S. B. U. C. Frosh vs. Oxy Frosh, at Oxy.

November 24—Oxy Frosh vs. Pomona Frosh, at Claremont.

## Bob Laird Signs Up School Tennis Stars

Plans for an inter-class tennis tournament are being completed by Bob Laird, captain of this year's net team at Glendale high. As only two letter men are back, it was found necessary to start developing material now. The round robin will commence soon. Several new students are showing up well on the courts.

Among the good material signed up are Maxwell, White, Lee, Russell, Robinson, Hardey and Osborne. All of these are steady players and look promising.

## Golf Professionals Wage Title Battle

PELHAM COUNTRY CLUB, New York, Sept. 27.—Those professional wielders of the niblick and mashie, selected by the critics to enter the select circle of semi-finalists to battle among themselves for the professional golf championship, moved a step nearer their goal yesterday afternoon when they won their third round matches without any particular or visible effort.

Gene Sarazen, the defending champion; Walter Hagen, at one time holder of nearly all of the golf titles; "Long Jim" Barnes, a former champion, and Bobby Cruikshank all won their matches yesterday.

It is poor business to keep a set of books and let the business go to pieces.

### Investigation Will Develop Unreported Income on Realty Transfers

Special instructions were received from Washington yesterday by Collector Rex Goodcell to conduct an intensive income tax investigation drive beginning October 1, and continued without interruption until February 1.

Under specific orders from Commissioner Blair, the work of the field division will be so arranged that every field deputy who is qualified to make income tax investigations will take active part in the drive.

Transcripts of real estate transfers will be speeded up so that the field deputies may check the transfers with income tax returns filed for 1919, 1920, 1921, 1922 and develop cases where profits in real estate were not reported in income returns.

## Optimistic Note Sounded in Business Review of Federal Reserve District

SAN FRANCISCO, Sept. 27.—Seasonal increases in business activity normally manifested during the first days of autumn were a characteristic feature of the business and industrial situation in this district during August. In some cases enterprises appear to have awaited the more definite returns of yields of the district's crops and the prices to be received therefor, which became available about the first of September, before making the usual autumn commitments, but in most such cases business was merely retarded, not curtailed, according to the report of conditions issued by the Federal Reserve Bank.

On the whole, harvest reports from the principal farming areas have been favorable. Record yields of wheat are being threshed in Washington and Idaho, and the total district crop is now placed at 137,359,000 bushels, a yield almost 40 per cent greater than that harvested in 1922. Excellent yields of other cereals, and of such field crops as potatoes, sugar beets, cotton and beans are being harvested. Continued slow improvement has been noted in the livestock industry, and weather and range conditions have been generally favorable.

**Farm Products Advance**

Prices of farm products, which have been declining during recent months, advanced during August. The majority of the principal agricultural products of this district, including barley, rice, cotton, sugar, cattle, sheep, lambs, and hogs are now selling at prices well above those of a year ago.

Several favorable developments affecting industries closely allied with agriculture were reported during the past month. It is now generally agreed that the 1923 pack of canned fruits in this dis-

## HOWE TO REPEAT 'THE WHITE ROSE'

### Griffith's Film Masterpiece Held Over at Glendale Theatre Today

Owing to the insistent requests from many local moving picture enthusiasts, Manager Wm. A. Howe has secured permission from the United Artists to hold over D. W. Griffith's masterpiece, "The White Rose," for another presentation to the patrons of his theatre today.

"The White Rose" is a typical Griffith production, which means that it is constructed with a lavishness in setting that recks little of the cost, the artistry of the play being the chief aim of the director and the cast. The stately homes of the old south with their time-honored traditions, the beauties of the semi-tropical settings chosen for the picture, are woven into the picture by the work of an excellently chosen cast that places "The White Rose" on a par, if not, indeed, ahead of, many of Griffith's for-

## Man's Leg Broken by Motorcycle Slowly Driven

**JOHN Zahlbruckner of 318 West Lomita avenue, who had his right leg broken just below the hip late yesterday afternoon, is now a patient at the Glendale Sanitarium and Hospital.**

**Mr. Zahlbruckner was crossing Central avenue, about seventy feet from the Colorado crossing, about 6:30 p. m. He was struck by a motorcycle being ridden by Bryant Story of 525 Salem street south on Central avenue. E. L. Frampton of 1008 South Glendale avenue took the injured man to the hospital.**

**"The machine was being driven at a speed of about ten miles per hour," reported young Story, "and was on the right side of the street." Now, what if he had been speeding?**

## COOPERATION KEY TO CLUB SUCCESS

### Exchange Members Explain How Activity Aids Them in Their Work

Co-operation and its importance in boosting club activities was emphasized yesterday noon in Jensen's Egyptian Village at the weekly luncheon of the Exchange Club.

Dr. Henry R. Harrower of 1510 East Broadway, who has been one of the most active members of this organization, called attention to the fact that he is as busy as any of the other members. He stated that he has found his efforts in behalf of the club's activities very much worth while.

R. E. Johnston of 440 South San Fernando road painted a vigorous verbal picture of the club's opportunities for service.

James Howarth of 343 North Isabel street read the preamble to the club's constitution, which sets forth its purposes as follows:

"To stimulate the interest of each member in the public welfare, to co-operate with others in civic development.

"To provide a medium for the exchange of ideas, methods, information and business courtesies.

"To promote and encourage good fellowship.

"To take an active interest in humanitarian, civic, state and national affairs."

Through a coincidence the attendance prize was won by G. C. McConnell of 637 East Broadway, who drew his own slip out of the hat. The reward was a box of fruit-centered chocolates presented by Dr. Harrower.

F. S. Millet of Los Angeles, manager of the Sun Drug Company's local branch in the Jensen building, 133 North Brand boulevard, attended the luncheon. He was introduced as a new member by Dr. James A. Belyea of 111 East Broadway, chairman of the membership committee.

The club went on record opposed to the maintenance of an auto camp grounds at the end of Riverside drive. Motion protesting against its continuance was made by F. E. Butler of 135 North Brand boulevard and seconded by Fred S. Hill of 124 South Orange street. It carried unanimously.

## Armed Salvage Crews Loot Wrecked Steamer

LOS ANGELES, Sept. 27.—Heavily armed and determined to hold what they call their "prize," Captain Ira Eaton of the power schooner Sea Wolf, and his crew of sixteen men, threatened to blow the Vis iv, of San Pedro, and her crew of three men out of the water if they dared approach closer than twenty feet to the hulk of the wrecked steamer Cuba, on San Miguel island, which the sixteen men were busily stripping of everything of value, according to word received here.

The local men, Captain Marcel Dillon, with E. W. Zilba and Walter Foster, believing themselves entitled to whatever they could get off the boat according to admiralty laws, left late Tuesday for the scene of the wreck, only to find that Captain Eaton, according to their report, had already stripped the hull of everything of value.

## Meeting of Sunset Club Is Postponed

In respect to the memory of Ezekiel McCall, third oldest member of The Glendale Evening News' Sunset club, whose death occurred Tuesday, the meeting of the club planned for tomorrow, Friday afternoon, at the E. S. McKee home, 130 West Chestnut, has been indefinitely postponed. Mr. McCall's funeral will be held at 2:30 o'clock Friday afternoon at the L. G. Scovern Undertaking company's chapel on South Brand boulevard.

## Dr. Minerva Knott Is Purchaser of Home

A new addition to the medical profession in Glendale is Dr. Minerva Knott, who arrived recently from Kansas City, Mo., to locate permanently in Glendale. So enthusiastic is she over practicing medicine and living in Glendale that she has bought a piece of business property at 1216 South Glendale avenue, through Betty McCarroll of Dutton, The Home Fynder.

## Fellowship Meeting at Gospel Tabernacle

The men of the Gospel Tabernacle are to gather at the church at the corner of South Louise and Chestnut streets at 7:30 o'clock Friday night for a fellowship meeting. All men interested are invited to attend. Rev. E. J. Richards, home secretary of the Christian and Missionary Alliance, will be honored guest and speaker. He has just arrived from New York.

## Sh! Shooting Star Is Reported Seen by Frank Booth

**SEE the shooting star last night? It shot about 8:15 o'clock, scorching up over the Verdugo hills like a skyrocket fired by a Tujungan.**

**Frank Booth, 111 South Kenwood street, who saw the beauteous phenomenon, described it as having a head as big as a globe on a street light, while its tail flared fully twenty-five miles across the heavens.**

**It appeared to be headed for Griffith park, he said, and seemed in an awful hurry. In fact, it might have been in such a hurry that it failed to put on the brakes in time and skidded clear out into the Pacific, surprising Father Neptune, and all the little Neptunes, as much as it did Mr. Booth.**

## PAVING OF ALLEYS WILL START SOON

### Contractor Peter L. Ferry Is Marking Time, Ready to Go on Job

Alleys in the business district will be paved before the close of the year. Contractor Peter L. Ferry of 614 East Acacia avenue made this assertion yesterday commenting on the fact that the improvement act, under which the proceedings have been started, requires him to mark time for fifteen days before signing the contract. As soon as this has been done, he is prepared to commence work immediately. He stated the actual work will not require longer than sixty days. He stated that the work will not be handicapped by the rainy season.

Alleys to be paved include the following: West of Brand boulevard, between Wilson avenue and Colorado street; east of Brand boulevard between Colorado and Harvard street and between Broadway and Wilson avenue; south of Broadway between Maryland avenue and Brand boulevard; west of Orange street between Wilson avenue and Broadway; south of Broadway between Orange street and Central avenue.

Specifications call for six-inch asphaltic-concrete.

## Ten in Contest Tonight of Home Town Talks

Interest in the elimination contest, that is to be held at the Chamber of Commerce auditorium tonight between the candidates for the honor of representing Glendale at the convention of the California Real Estate Association in Sacramento next month, in the Home Town contest, is expected to bring out a large audience tonight when the ten orators prepare to deliver their addresses.

Those who are to enter the competition tonight are J. I. Wernette, Harley G. Preston, Peter Hanson, Dr. Jessie A. Russell, Charles B. Guthrie, Mrs. W. E. Foor, W. L. Truitt, W. L. Twining, L. H. Wilson and E. P. Hayward.

The speeches that are to be delivered will cover Glendale's assets from every angle and will form a revelation to those who hear them of the many advantages that Glendale possesses, and the public is invited to attend and to hear the addresses.

The winner will deliver his address again at the state convention in competition with speakers from every city represented, and the winner of the state contest will bring to his home town a handsome trophy.

## Dr. Harrower to Speak Before State's Doctors

Dr. and Mrs. Henry R. Harrower of 1510 East Broadway left yesterday upon a two weeks' automobile trip through Central California. The itinerary will include San Francisco, Oakland, Fresno, San Jose, and Santa Barbara. Dr. Harrower, who founded the Harrower Laboratory at 920 East Broadway, will lecture before medical societies upon the subject: "What I learned in Europe in Regard to Internal Secretions." The first stop will be tonight in Bakersfield.

## Michigan Society Will Stage Reunion

Members of the Michigan State Society will meet for their annual picnic reunion at Sycamore Grove, Los Angeles, on Sunday, September 30, when a special program will be presented. Any profits that are made from the affair, it is announced, will be placed in the treasury of the society to help defray the cost of the monthly entertainments that are given by the organization. Those participating in the picnic will bring basket dinners.

## GLENDALE SEEKS CONVENTION CUP

### Realty Board Plans Largest Attendance at State Meeting, Oct. 10-13

The approaching convention of the California Real Estate association at Sacramento from October 10 to 13, occupied the attention of the Glendale Realty board at its weekly luncheon in Jensen's Egyptian Village yesterday, when plans were suggested by which the local board would make its presence felt at the convention.

That Glendale should make a strong bid for the attendance trophy that is offered for the board bringing the strongest proportional representation and that shows the greatest distance traveled per member, to the convention, was urged by Charles B. Guthrie, and it was agreed that Glendale, in view of the record this board has established during the past year, ought to prove a dangerous contender for the prize, when it shows up at Sacramento with close to thirty members wearing distinctive regalia and giving its own Glendale yell.

**Committee Meets**

A meeting of the caravan committee, under the leadership of Dr. Jessie A. Russell, was scheduled to meet last night at the offices of Twining & Myers to perfect plans for the various details in connection with the trip to Sacramento.

Dr. Russell has been advised by President Frazier O. Reed that she has been appointed to preside at a luncheon that is to be given in honor of the women delegates to the convention.

Peter Hanson, for the advertising committee, advocated that the members use on their office stationery a reproduction of the Pacific Electric system, as shown on the relief map issued by the company, giving the location of Glendale and adjacent towns. The advertising committee will submit data regarding cost and other details at an early meeting.

**Get New Blood**

The report of the membership committee, as submitted by W. L. Truitt, showed that thirty-one new members have been secured since the present drive opened. The drive will be concluded on October 17, and it is planned to have a reception and entertainment for the new members and to initiate them into the organization in due form. Those whose applications have been acted upon by the governing board since last week are Courtney & Graham, Rhoades & Smith, Hill Realty Co., M. C. Patton, W. N. Bott, Alexander & Son, Holt Realty Co., E. R. Ripley, Chapman & Son, Low Building Co., J. B. Allaback, Consolidated Realty Co., and Todd Realty Co.

C. W. Ingledue, who was admitted last week, introduced his son, Elwood, who will be associated with him in the business of the Ingledue Realty Company.

**Object to License**

A recommendation of the license committee, of which J. E. Barney is chairman, that a license fee of $50 be charged by the city, under an ordinance to be passed by the City Council, for permission to carry on business as a realty broker, was voted down by the board. The object of the proposed fee of $50 was to eliminate the curbstone broker and the person operating from a private residence, but it was pointed out that the fee could only be levied in order to raise revenue for the city.

An invitation to the members of the board to be the guests of Dan and Arthur Campbell at Campbell Heights next Wednesday, October 3, was extended by Arthur Campbell at yesterday's luncheon, and was eagerly accepted by the assembled realtors. It is the desire of the Campbell brothers to show the realty men of Glendale what they are placing on the market in the foothills north of the city, and the dinner that will be spread under the trees at the Dan Campbell home will afford an opportunity to the brokers and dealers to make a close inspection of the property.

## High School Cabinet Has Complete Roster

Glendale Union High school's cabinet was completed yesterday when the four class representatives were elected. Each third period class elected someone to represent them in the class councils and these, in turn, elected a representative.

The four students elected were: Senior—Dante LaFranchi; Junior—Richard Ryan; Sophomore—Ellsworth De Parcq; Freshman—Marjorie Neilson.

Two class meetings are to be held this afternoon at Glendale Union High school, the junior and sophomore classes meeting for the purpose of organizing and preparing for the coming year.

**TODAY—Chicago Strong for Booths; Shoe Repairing a la Mode.**

By ROLAND KREBS
For International News Service

CHICAGO, Sept. 27.—Chicago, in its feverish quest for privacy, is leading its life in booths more every day.

Besides the thousands of telephone booths all over the city and the hundreds that one finds in the many Chinese restaurants, booths in a down-town repair shop that cobbles your shoes while you wait are the newest things.

They do not hide the patron entirely, coming only waist-high. Girls with shapely ankles that might attract too much attention and gentlemen with socks that someone forgot to darn may wait here in peace and comfort without having their modesty shocked.

Each cubby-hole is equipped with a deep, comfortable lounge chair. An attendant removes the shoes for the patron, then shoves a comfortable cushion beneath his feet. There is a small swinging door to each booth. Newspapers and magazines are furnished.

The management's idea has not proved so bad. Its business has increased to such an extent that the wait under any other circumstances, might become tedious. But, as it is, there is so much comfort during the wait that one really is dismayed when one's shoes are returned neatly repaired.

This is perhaps the most elaborate shoe repairing shop in the country. It is a wonderful array of brass, mahogany, plate glass and that thing so dear to the American heart, service.

There are a few mending machines at the front window that serve to draw crowds which at times compare favorably with those clustered about small neighborhood bulletin boards relaying world's series results.

But the principal mechanical work is done in a compartment enclosed in plate glass partitions, so the noise, dust and smells do not reach the customers. At the same time patrons may watch the work from their comfortable gallery. The work room resembles a conservatory or the glass-enclosed bridge of a great liner.

There is a shoe-shining stand operated in the fore part of the establishment. It is kept as clean as the White House kitchen. Polished brass gleams everywhere. Neatly dressed negroes do the polishing and brushing under shaded lights that make the customer think he's in a laboratoy.

After a trip to this place one is truly sorry that shoe soles don't wear through faster.

## Uncle Wiggily Bedtime Stories

— By Howard R. Garis —

**UNCLE WIGGILY AND BETTY'S PIE**

"What are you doing, Betty?" called Mrs. Ringtail to her little girl raccoon, one day.

"I'm making a pie for Uncle Wiggily," answered Betty.

"Making a pie for Uncle Wiggily," exclaimed Mrs. Ringtail in surprise. "I didn't know you knew how to make pies, Betty."

"Oh, yes'm, the lady mouse teacher in the hollow stump school—she taught us how to make cheese pie."

"But I hardly believe Uncle Wiggily likes cheese pie," said Betty's mother. "Of course, cheese pie is all right for lady mouse teachers, and even for Nurse Jane Fuzzy Wuzzy. But a rabbit gentleman would rather have—"

"Oh, excuse me for interrupting you, mother," spoke Betty, politely, "but I'm not making Uncle Wiggily a cheese pie."

"What kind are you making then, Betty?"

"A peach pie," answered the little raccoon girl. "I'm sure Uncle Wiggily will like that. If I had carrots I'd make him a carrot pie, but I found some peaches and I think they'll do nicely, instead."

"Yes, I think so, too," said Mrs. Ringtail, and then she went about her upstairs work, leaving Betty to fuss down in the kitchen. It was hearing Betty rattling among the pans that caused the raccoon lady to ask what was going on.

So Betty went on rolling out the dough, putting in the mustard, salt, pepper and vinegar—you know, whatever goes into a cherry pie—and pretty soon a voice called:

"Oh, Betty, what are you making?" and there was Susie Littletail, the rabbit girl.

"I'm making a peach pie for Uncle Wiggily. You may come in and help me!" said Betty, so in went Susie.

Susie sat in a chair by the kitchen table while Betty went on rolling out the dough and putting in the cocoanut, raisins and sour milk—you know, whatever goes into a pumpkin pie.

"I'm sure it will be very good and that Uncle Wiggily will just love it," said Susie, politely.

"I'm sure, I hope so," spoke Betty, and then she put the peaches in the pie crust and covered them up with sugar.

"Oh," exclaimed Susie, "aren't you going to take the hard stone out of the peaches, Betty?" for the little raccoon girl had put the peaches whole into the pie.

"Take out the stones—why the lady mouse teacher didn't take any stones out of the cheese when she made cheese pie," said Betty. "So why should I take the stones out of the peaches?"

"Well, maybe you don't have to," agreed Susie, "but it seems kind of funny, doesn't it, Betty?"

"It doesn't seem funny to me," said the little raccoon girl, and then she rolled out some more crust with lemon juice, olive oil and baking powder—you know, whatever goes into a peach pie. Then she put the pie into the oven and baked it.

"My! It smells good!" said Susie, as Betty opened the oven door after a while to make sure the pie wasn't burning.

"I hope it will taste as good as it smells," spoke Bettey.

"Oh, I'm sure it will," said Susie. "Only I do think it was sort of funny, Betty, to leave the stone pits inside the peaches."

"Pooh! I don't think it was funny at all!" said Betty.

Well, when the pie was opened—oh, no, we haven't gotten to that part yet; have we? I mean when the oven was opened the pie was found to be baked a lovely brown on the upper crust, and after it was cool Betty said she

They took the pie to Uncle Wiggily.

would take it to Uncle Wiggily.

"I'll come with you!" offered Susie. "But don't you think, Betty—"

"Now, look here, Susie," said Betty, "I love you and all that, but if you say anything more about the stones in the peaches—"

"I'll not say a word," promised Susie.

So they took the pie to Uncle Wiggily.

"Oh, thank you!" cried the rabbit gentleman, twinkling his pink nose. "If there's one thing I love more than anything it's peach pie!"

"And if there's one thing I love more than another it's ears to nibble!" suddenly cried a savage voice, and out of the bushes popped the Woozie Wolf. But before he nibbled any ears he saw the peach pie.

"I'll have a slice of this," he howled. Immediately he took a large bite. Then a funny look came over his face and he howled: "Oh, wow! Stones! Hard stones in a soft peach pie! Oh, I've broken every tooth in my head biting on the hard stones! I'll have to go see my dentist!"

And away he ran, not nibbling any ears at all, and when Uncle Wiggily looked inside what was left of the pie and saw the peach stones the bunny said:

"It's a good thing you left them in, Betty. But, now that they have served their purpose, we'll take them out." Which he did, and then he and Betty and Susie ate the peach pie without any stones in and it was very good.

And if the goldfish doesn't wake up in the night and cry to be taken out for a ride on the clothes horse, I'll tell you next about Uncle Wiggily and Sammie's kite.

## Adventures of Billy Whiskers

By Frances Trego Montgomery

Yesterday, you remember Stubby.

After Stubby recovered from his fright, he enjoyed the novel experience of being up in the air, circling around as easily as a bird, and was sorry when he had to get out. From this car one could look down into the different concessions and see what was going on in them without paying, but it was such a short glimpse that it either made one want to go in and see more, or stay out altogether.

Almost directly under them was Toyland, with its living people dressed up to represent talking and walking dolls and toys of all kinds doing fancy tricks. On the other side of the Aeroscope were the streets of Cairo with their veiled women peeping out of the latticed windows, and the turbaned Egyptian men sitting

cross-legged on cushions, with their full trousers spread out like a lady's skirt. They sat in the doorways of their open booths making long-stemmed pipes, while they watched a procession of camels and donkeys driven by donkey boys pass them down the streets of Cairo.

Across from the Aeroscope was the Wild West show and Stubby could see the spectators sitting on the benches around the big open-air ring where the robbers held up the old stage coach and bound their prisoners in spite of the firing of revolvers of both robbers and passengers. He could also see the cowboys riding the bucking cow ponies and lassoing the cattle or going through their fancy stunts on horseback, as well as the procession of Indians with their war paint daubed on their faces and bodies, while their squaws, with their papooses strapped to their backs, rode on their funny rigs made of two poles with a few boards across, which was drawn by one horse between the poles which served as shafts. Everything the Indians and cowboys used to do was acted out here, to show the visitors how things used to be done in what was called the Far West. How different it is now! Instead of crossing the country from the East to the Far West by stage coach and prairie schooner, and likely to be held up at any time by robbers or Indians, losing the way and their cattle nearly starving to death for want of food and water, or else wandering away from camp and being eaten by wolves, and months being needed for the trip, now one crosses the continent in four or five days in luxurious cars with every comfort of home, with all the delicacies of the table at command, as if the best market was just around the corner.

(The next story tells how Stubby and Button meet).

## Timely Views on World Topics

**"FARMER OUTSTANDING ISSUE OF COMING CAMPAIGN," SAYS BRYAN**

"The political issue—or I think it is better to say issues—of 1924 will be determined largely by what the next session of congress does and by what is done in Europe between now and the conventions. We have the domestic questions with us always; in each campaign we have a paramount issue—the issue that is made paramount by events. Domestic issues absorb attention except when the American people are compelled to lift their eyes above the domestic horizon and survey the world at large. At home there are four questions widely discussed, although no one can now estimate their relative importance, and, of course, there will not be unanimous agreement as to their relative importance even when election day arrives.

W.J. BRYAN

**Farmer's Condition First**

"First I would put the condition of the American farmer. He is suffering more than any other class, and the farmer makes up one-third of the nation in population. The price level is disjointed; the farmer buys upon a level almost 50 per cent higher than the level upon which he sells. This is ruinous and, in time, spells bankruptcy. No other question is likely to influence the farmer's thought and political action so much as that question.

"The second question affects the laboring class, the next group in size to the agricultural group. There are certain readjustments necessary to insure equity to the laboring men, but the most disturbing feature of the situation is the increasing antagonism between labor and capital—the class consciousness manifested by members of both groups. The attitude of the government is alarming to the laboring men, and this alarm has been increased by the recent decision of the Supreme Court in which five of the court denied the right of Congress to fix a minimum wage—three judges dissenting and one not taking part in the decision. This is another of the five to four decisions and still further intensifies the desire of the masses for legislation or constitutional provision which will make it impossible for a bare majority of the Supreme Court to nullify legislation on questions which are more political than judicial in their character.

**Profiteer Must Be Curbed**

"The third issue deals with the curbing of the profiteer. Those who are in position to organize can charge what the traffic will bear, and are doing so, while those who cannot organize are the victims not only of natural conditions but of the artificial conditions which monopoly creates. Something must be done; it remains to be seen whether the situation will be relieved by the action of the next Congress or aggravated by its failure to act.

"Taxation is the fourth domestic issue. Mr. Mellon, secretary of the treasury, is already suggesting a further reduction in the surtax, a policy which puts the pecuniary interests of the rich above the necessities of those not so well-to-do. It is shifting the burden of taxation from the backs of the strong to the backs of the weak. As the democrats and the progressives combined will have a majority in both houses it is not likely that any such reactionary policy can be successful.

"There will, of course, be many other issues, but I mention the above as issues that affect very large groups and which will therefore have strong public opinion back of them. When we know what the issues are we shall be in position to discuss candidates. Events make issues and issues make candidates."

An inmate of a certain penal institution recently received a call, says Harper's, from the warden, who said:

"I understand you got in jail on account of a glowing mining prospectus."

"Yes," admited the gentlemanly prisoner, "I was quite optimistic."

"Well," continued the warden, "the governor wants a report on conditions in this jail. I want you to write it."

The property owners and citizens of Glendale who are interested in the building of a new Pacific Electric railway through the southern and eastern portions of the city have responded nobly. They have subscribed $26,800.

The fire department was called out Saturday afternoon for a long run to Columbus avenue and Riverdale drive, where a burning paper had blown into a fence, setting it on fire and doing damage to the extent of five or ten dollars.

The News office was brightened today by a handsome bouquet of asters from the sanitarium grounds. George Smith is head gardener.

## Optimistic Note Given in Review of Business

(Continued from page 1)

trict will be considerably smaller than the 1922 pack, and confirmation of this fact appears to have exerted a strengthening influence on the market. Some price advances have been announced. There has also been a noticeable improvement in the market for dried fruits. Flour mills of the district reported seasonal increases in activity during August as compared with previous months, and output of 16 principal mills was 7.1 per cent greater than in August, 1922.

Production in other basic industries of the district increased during August. Lumber mills reported capacity operations, partly in response to current demands and partly as a result of efforts to build up depleted stocks. The supply of logs available for mill use is below normal for this season of the year, when accumulation for the winter months usually begins. The flow of petroleum in the oil fields of California during August exceeded the previous record month of July, and continued the excess of production over consumption which has carried stored stocks to their present (September 1st) record levels, 83,120,835 barrels. Cessation of the steady decline in the value of building permits issued in 20 principal cities of the district, which has been in progress since last March, occurred in August, when the value of building authorized was greater than in any previous month of which there is record.

**Trade Volume Drops**

The volume of business transacted in the district, as reflected by debits to individual accounts in banks in 21 clearing house centers, was smaller during August than in any previous month of this year, if seasonal variations be eliminated, although the actual amount of such debits was greater than in February, 1923.

Eleven lines of wholesale trade reported a larger value of business done during August of this year than during August a year ago. The customary seasonal increase in sales at wholesale was also noted during the month. The number of business failures increased 9 per cent during August as compared with July, but liabilities involved were 7 per cent less than in the previous month, and well below the figures in every other month of the past two years, excepting June, 1923.

The demand for additional bank credit normally felt during the crop moving season has not been so insistent thus far this year as in previous years. Borrowings of all member banks from the Reserve bank reached a current peak of $91,000,000 on September 5th, and although they declined to $89,000,000 on September 12th they were still 169.7 per cent greater than on January 10, 1923. Increases in the volume of paper discounted for San Francisco banks have been largely responsible for this movement. The amount of Federal Reserve notes in circulation increased from $211,000,000 on August 15th to $219,000,000 on September 12th. Interest rates charged customers by banks in the district have remained steady at 5½ to 6 per cent in California financial centers, and 7 per cent in other sections.

The new sleeveless knitted jackets have become almost as popular as the jacquette blouse. Everybody is making one nowadays. Here are directions for a green and white one, size 36.

**Woman's Knitted Sleeveless Jacket**—You will need a pair of number 4½ bone knitting needles, six balls of two-ply white Iceland wool and two balls of two-ply green Iceland wool.

**Back**—With double strand of white, set up 90 sts. K. six ribs. Work in stockinette st. (the stockinette stitch is knit one row, purl one row) for 78 rows. Bind off five sts. on each side. Decrease one st. each side every other row 14 times. Continue working stockinette st. for 36 rows. On purled side of work * P. 13 sts., K. 26 sts., P. 13 sts. Knit back.* Repeat until there is a knitted band in center of five ribs. Bind off 16 sts. Separate work.

**Front**—Wind together one ball of white yarn and one ball of green (that is, one strand of each for mixture).

**Row 1**—Join the double-strand mixture at shoulder edge, K. 1 st., P. 1 st. 13 times. Drop mixture and attach double strand of white. Pass white strands under mixture to hold border and body of work together, and K. five sts.

**Row 2**—K. 5 sts. in white, pass mixture under strands of white, and with mixture K. purled stitch and P. knitted stitch. These two rows form the pattern of fronts. Increase every fourth row, in sixth st. from front, 13 times. On armhold side knit pattern for 45 rows, then increase every other row 14 times. Cast on 5 sts. toward underarm to correspond with back. Knit pattern for 90 rows. Change to double white and knit band of six ribs.

**Bands for around armholes**—With double white cast on 5 sts. and knit a band of 95 ribs. Fit it around the armhole and sew it there, stitching on the wrong side.

**Pockets**—With mixture cast on 16 sts. K. 14 rows of pattern, and 6 ribs of white (these 6 white ribs form top of pocket). Sew on two inches from bottom band and two and one-half inches from front edge—one pocket on either side of the sweater.

Buttonhole loops on the edge of the right hand of sweater, and sew buttons on the edge of the left-hand front, using five buttons in all. Press back pockets and arm-holes under a damp towel.

**Tomorrow—Putting Up the Apple.**

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use your full name, street number, and the name of your city and state.—The Editor.

## Daily Fashion Hint

Prepared Especially for The Glendale Evening News

YOUTHFUL SPORTS MODELS

Sports clothes these days are designed for those who simply look on as well as for those who take active part in the game concerned. To the left is a dress suit in flannel and krepeknit, the sleeveless jacket being of the krepe silk. The girdle is made of the jacket material and finished with long silk fringe. The sleeves are, as they should be, short, while the neck of the dress is collarless. The flannel of the frock is repeated in the revers and collar of the jacket. Medium size requires 3¼ yards 42-inch flannel and 2 yards of 40-inch krepeknit.

Novelty knit silk and flannel are employed in the development of the second model, and the fabric of the skirt supplies the decorative motif for the jacket with long, slender lines. The skirt is laid in side plaits, and the jacket is trimmed with a deep collar, pockets and cuffs, their plain color affording a modish contrast to the design of the jacket. Medium size requires 3¾ yards 42-inch flannel and 2¾ yards 40-inch knit silk.

First Model—Pictorial Review Suit Dress No. 1536. Sizes, 14 to 20 years. Price, 35 cents.

Second Model—Sweater No. 9522. Sizes, 34 to 48 inches bust. Price, 35 cents. Skirt No. 1608. Sizes, 34 to 50 inches bust. Price, 35 cents.

## Heart and Home Problems

Dear Mrs. Thompson: Please tell me how I can reduce my hips. I am slender except my hips are very large. If you say exercise, what kind? THANK YOU.

Lie on the back, bring the knees to the chest; clasp the ends of a wand or broomstick, one end in each hand, and rest the feet upon the stick so grasped. Keep the knees close to the chest. Stretch the left leg as nearly perpendicularly as you can upward above the wand; reach with the toes; stretch the muscles of the limb as far as possible, relax and bring back to position of the foot on the stick. While stretching the left leg keep the right foot on the stick. Stretch ten times with the right leg and ten times with the left leg. This will reduce the hips and abdomen. You may not be able to touch the knees to the chest at first or to grasp the stick in both hands, but persist until you can do so.

Lie on the floor, upper body and arms relaxed; reach outward with the toes until the ankles are straight; raise both feet from the floor until the legs are perpendicular, reaching outward with the feet as you raise. Contract the muscles of the abdomen and resist with the back until muscles are quite rigid; slowly lower the limbs to the floor. Do not drop the limbs when near the floor. If you cannot at first sustain them slowly until placed on the floor, bend the knees and bring them down. The force of this exercise is in the control of the lowering movement. Do not overstrain. Be sure to hold muscles and hips tense while lowering the legs. This will strengthen and reduce abdomen and hips. It is also an excellent exercise for circulation through the intestines, and tends to relieve constipation. Repeat six times.

* * *

Dear Mrs. Thompson: I have been going with a young man and think a lot of him, but I just can't stand his coarse manners, although I certainly wouldn't want to give him up. In other ways he is a perfect gentleman and is respected by every one. Please advise me how to help him without hurting his feelings.

POLITENESS.

It is difficult to correct people without hurting their feelings. You might make the effort, however. Tell the young man he is so much of a gentleman you hate to have him do such and such a thing. When you correct try to soften what you say by something kind.

* * *

Dear Mrs. Thompson: Please advise me as to my legs. When I wear silk stockings the hairs on my legs show through. This makes me feel awfully, as I have big legs. APPRECIATED.

Wear heavy silk stockings and the hair will not come through so readily and will not be noticeable.

## Dinner Stories

A member of the Wichita, Kan., traffic squad was directing the cross streams of motor cars at a busy corner in that enterprising city one day recently, when there came a big powerful car from the east, cutting through the line at a high rate of speed, says the Kansas City Star. Quicker than thought, the traffic cop leaped on the big car's running board and ordered the driver to hit it up to police headquarters. The driver, without slowing down, yelled back over his shoulder, "Say, officer, were you ever in Oklahoma?"

"No", thundered the cop, "but that's all right—you drive right on to the police headquarters!"

"Well," remarked the driver, "hang on tight then, officer, 'cause you' going to Oklahoma right now."

## Beauty Chats

by Edna Kent Forbes

**FOR ELDERLY WOMEN**

I am thoroughly in sympathy with a woman who takes every legitimate means to ward off old age. But there comes a time when frank elderliness is more attractive than the cleverest pretense of youth. I don't mean by that, that the woman should then stop massages and ice rubs, or whatever means she has been taking to keep her skin young; wrinkles are never particularly attractive, they add character to an old face, but even so, they need not be too numerous.

The first care of a woman over 50 should be her hair. If it's white, it needs a great deal of attention to keep it the silvery white stage which is so rare and so beautiful. It must never be washed with strong soap, a very little liquid castile should be used, in water not too hot; then it should be thoroughly rinsed, and the last warm rinse should be in blueing water, made exactly as the water for blueing clothes. "Dry" shampoos, with half alcohol and half water, can be given now and then. They are very cleansing and keep the hair nice and white. Occasional rinsings in blueing water are good.

Flesh-building creams are excellent, for an elderly woman's skin is apt to be dry. Flesh-color face powder will take away the slightly sallow tinge so common after 50 or 60. Oil must be used around the fingernails, an increasing tendency to rheumatism will make them ugly and ridgy otherwise. Oil must be rubbed into the feet now and then, too, to keep them healthy and comfortable.

I woder why old ladies wear high collars? Only a young face can stand them, and not many young faces, either. Something soft and pale in color, but never dead white, should be used, high as you choose in the back, but opening to the base of the throat in front.

Nellie L. R.—I will be glad to mail you the formula for the cucumber bleach, and also information about clearing the skin of blackheads, but there is not space to print these at this time. Send a stamped self-addressed envelope with your request.

S. J.—Henna is always the reddish shade we know by that name in materials. The reason your hair turned out to be black was because there was a black dye added to the henna. You cannot do anything now but wait for the recovery. Clip off as much of the length as you can spare; this will help some, as the scalp will have less to take care of. In about a month your hair should have attained its natural gloss again, and the worst of the dye will have faded out.

Ida R.—If your case of dandruff is very bad, the crude oil massage will be more effective than that from olive oil. Bleach off the sunburn by using cucumber juice. Always follow with a cream after applying any bleach to the skin.

**Tomorrow — Housewives and Nurses.**

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped envelope must be enclosed with the question.—The Editor.

## With the Women of Today

Dr. Anna Hochfelder is heading a drive to prevent some unscrupulous retailers from selling culm rock and slate in place of coal this winter. Half a milion women are backing Dr. Hochfelder in her efforts. She has recently been appointed assistant corporation counsel and is preparing an ordinance against the sale of fake fuel products.

Dr. Anna Hochfelder

**High Cost of Furs**

It is estimated that America spends $100,000,000 a year for furs. The high prices which have been offered for beaver, marten, skunk and muskrat pelts have led to intensive trapping, to the clearing of woodlands and to the draining of marshes. In many parts of the United States beavers and martens have been exterminated, and even Alaska is beginning to worry about the growing scarcity of her fur-bearing animals.

**New Member Republican Committee**

Mrs. Barclay H. Warburton is the ninth woman to attain the honor of being a member of the National Republican Committee. She is the daughter of the late John Wanamaker of Philadelphia and the wife of Barclay H. Warburton, former military attache at the American Embassy in Paris and later appointed special police commissioner of Philadelphia.

**Cooking Is Eighth Art in France**

France has been slipping from her place as the leading country in the world in gastronomical affairs. This weakness has been ascribed by the French authorities to the effect of tourists, who insist on speed in the service of meals, and also the increased number of "palace hotels," at which the cooking is international.

Among the attempts at a gastromical renaissance is that of the Autumn Salon to have cooking recognized as the eighth art, the cinema already having been named the seventh. Four rooms of the Grand Palais at next year's Autumn Salon will be reserved for an exhibition of what each region of France can produce in special features of culinary art.

**School of Motherhood**

Miss Florence Davies is perfecting in Detroit Mich., the first great school of motherhood in the country, evolving a science from a daily care and scientific observation of children.

**Beauty Wears Spurs**

Jean Haskell, winner of a beauty contest held at Seattle, Wash., wore silver spurs to keep the crowds from trampling on her feet.

## POEMS That LIVE

**A PRAYER, IN THE PROSPECT OF DEATH**

O Thou unknown, Almighty Cause
Of all my hope and fear!
In whose dread presence, ere an hour,
Perhaps I must appear!

If I have wander'd in those paths
of life I ought to shun;
As something loudly in my breast
Remonstrates I have done,

Thou know'st that Thou form'd me
With passions wild and strong,
And list'ning to their witching voice
Has often led me wrong.

Where with intention I have err'd,
Or frailly stept aside,
Do Thou, All Good! for such Thou art,
In shades of darkness hide?

Where with intention I have err'd,
No other plea I have,
But Thou art good, and goodness still
Delighted to forgive.

## Bankers Condemn Bonus and Salaries

ATLANTIC CITY, N. J., Sept. 27.—Governmental aid to "any class or industry," the soldiers' bonus, the increasing number of public employes, soaring wages and America's foreign policy of aloofness were condemned today in the report of the resolutions committee of the forty-ninth annual convention of the American Bankers' association.

"If we do not recognize and accept our responsibilities in connection with the reparations question, which is preventing our allies and Germany from coming to an agreement, both our foreign and domestic trade will continue to suffer seriously," the report warned.

## Grand Jury to Probe Governor's Finances

INDIANAPOLIS, Ind., Sept. 27. The Marion county grand jury will begin its investigation of the financial transactions of Governor Warren T. McCray of Indiana, the same day the Republican state committee is to meet, and consider the advisability of asking for the resignation of the state executive, it was announced here today.

## Typhoon Sweeps Jap Refugee Colonies

TOKIO, Sept. 27.—A near typhoon last night added to the discomfort of refugees of the Japanese disaster-stricken districts. It is reported the American hospital colony at Yokohama was blown down.

The arrival of the President Jackson, bearing the first shipment of clothing from America, was most timely, the Japanese badly needing warmer clothes. Colonel G. T. Langhorne, aide to General McCoy, declared today that "clothing is immediately needed and the American style is most acceptable because it is warmer."

## Final Call Issued for Missourians' Picnic

The Missourians of all Southern California are called for the fall picnic reunion in Sycamore Grove Park, Los Angeles, all day Saturday, September 29, or if rainy that date, it goes over to October 6.

Judge H. Parker Wood will preside and has charge of all plans. He will arrange for county registers, coffee, badges and program. County registers will be open all day and all Missourians are asked to meet old friends.

headquarters in the Southern California district and give direct instructions to his deputies regarding the drive.

The four-months' drive is expected to develop millions of dollars in taxes that have been withheld by taxpayers. It will extend over the United States. Special instructions were given by Collector Goodcell that in the investigation to be made every effort should be made to conduct them with a minimum annoyance to taxpayers.

Where unreported income is disclosed by investigations made by field deputies under the law the maximum penalty must be imposed, but where the taxpayer voluntarily reports income on which no return was made, severe penalties will not be assessed, according to Collector Goodcell.

## Seven U. S. Ships Are Sold for $4,000,000

WASHINGTON, Sept. 27.—The United States shipping board received approximately $4,000,000 for the seven ships recently sold to the Dollar line of San Francisco, to be used in the round-the-world-passenger-cargo service, Edward P. Farley, chairman, has announced. This is about $40 a ton.

## GREASE COMPANY ADVERTISES CITY

### 100,000 Pieces of Literature Sent East Will Create Inquiries

Burbank will be advertised this year at the New York and Chicago automobile shows with 1,000,000 pieces of literature, according to Ralph G. Vanden Boom, president of the G. M. C. Metallic Grease company, which has decided to locate its western plant in this city.

While it has not yet secured its location, the firm has caused to be printed the above-stated number of pamphlets, with Burbank prominently displayed thereon in large type.

Distribution of these pamphlets will not only advertise his company, Mr. Vanden Boom feels, but will greatly benefit this city.

He states that the G. M. C. Metallic Grease company is securing the opinion of railroad engineers as to the best location from the standpoint of railroad shipping facilities. As soon as the report rendered by these engineers has been analyzed, a location will be secured.

**Miss Galpin to Speak**

Miss Lloy Galpin, president of the District Federation of Women's clubs, and a candidate for congress from one of the Southern California districts, will be the principal speaker before the next meeting of the Business and Professional Women's club, scheduled for Thursday, October 4, the place to be announced later.

Miss Galpin, who lives at 314 West Adams avenue, Eagle Rock, is a teacher in one of the Los Angeles high schools, and prominent in civic as well as educational affairs. She enjoys the reputation of being a brilliant and entertaining speaker.

### Finishing Touches Placed on Mammoth Ornament This Week

Eagle Rock notes with pride another forward stride at Occidental college toward a more glorious institution, in the completion of the $10,000 gateway erected at the Alumni avenue entrance to the campus.

Although the work on the gateway itself is finished, there still remains some work to be done on the surrounding concrete walls and curbings. It is expected that the final touches will be completed by Saturday.

The gateway is constructed of three separate units, one at either side of the roadway and the third forming an imposing centerpiece. Polished granite, interlocked with a network of bronze, are the materials composing the magnificent structure. The columns of granite are eight feet high and the gateway extends approximately twenty feet on either side of the roadway.

William Meade Orr, generous donor of the beautiful new arch, has made it possible for Occidental to own the greatest architectural gateway among the southern college entrances.

**No Place Like Home**

That the "Homeland" exercises a strong attraction has long been known to residents of Eagle Rock, but that its magnetism could exert an influence 6000 miles away has but recently been demonstrated.

Mr. and Mrs. David Canavan and family lived in Greenoch, Scotland. Then they heard of Eagle Rock. Now they live at 500 Valley drive.

The family comprises two sons, Robert and David Canavan; and two daughters, the Misses Isa and Elsie Canavan.

Are they planning to return to Scotland? Not much!

"It's a bonnie land, a'richt" says the head of the Canavan clan, "but it canna compete wi' the Homeland for dahlias."

**Local Notes**

Henry Beecher Stowe, 82 years old, only living son of Harriet Beecher Stowe, who wrote "Uncle Tom's Cabin," is the guest of Mr. and Mrs. Charles D. Wentworth of 234 West Palm avenue.

William Adams Dresser, 76 years old, who has just returned from the annual gathering of the Sons of the American Revolution, in Boston, is also a guest of the Wentworths.

Both men are on their way home from the annual meeting of the Mayflower society, which they also attended.

Bishop Stevens will make his annual visit to the St. Barnabas Episcopal church Sunday night, September 30, at 7:30 o'clock, when six candidates will be presented for confirmation, it is announced. The bishop will preach and after the service will be glad to meet the congregation. A cordial invitation is extended to all to be present. There will be special music.

**Ask Name Change**

A petition will be presented to the Los Angeles City Council, sponsored by the Occidental-York-Valley Improvement Association, urging that Glassell avenue be changed to Eagle Rock boulevard.

The association will also co-operate with the Eagle Rock Improvement Association in changing the name of Central avenue to Eagle Rock boulevard, reports H. M. Bruce, president of the latter body, the idea being the creation of a through street straight from Eagle Rock to Los Angeles.

The Occidental-York-Valley Improvement Association will also co-operate with the Eagle Rock Chamber of Commerce in obtaining better street car service, it is learned.

Mr. Bruce states that the next meeting of the improvement association, postponed from last night by reason of not being able to obtain the advertised speakers, will be held Wednesday night, October 3, in the auditorium of the Central avenue school.

The Chamber of Commerce is working on a plan that may provide bus service for students attending the Franklin High school, and, although progress is not rapid, the transportation committee hopes to make an important announcement the first of the week, to the effect that such a plan has been consummated.

The charter of the Business and Professional Women's Club is open until the second Thursday of October, according to Miss Catherine L. Bessolo, who states that she will present it to the executive board at that time. By joining now the usual club membership fee will not be required, she states, urging that local young women take advantage of this opportunity to affiliate themselves with a live and helpful club.

An all-day meeting of the W. C. T. U. will be held at the Presbyterian church Friday, September 28, it is announced, the morning session opening at 10 o'clock. There will be a box luncheon at noon, with coffee served. The program is being furnished by the county.

Ben Pearson, general superintendent of the local plant of the Southern California Edison Company, has been selected by the City Employes' Association to present to the Board of Freeholders the matter of pensions for city employes.

**Social and Personal**

Frank J. Schweitzer and family, formerly of Hollywood, are now living at 5255 Sierra Vista avenue.

Mr. and Mrs. E. E. Brown have returned from their eastern trip, where with their son they visited relatives in western Pennsylvania and Ohio.

Mr. and Mrs. Sam S. Wisdom of 127 South Royal drive have been enjoying a visit from Mr. Wisdom's parents, Judge and Mrs. P. J. Wisdom, of Escondido.

Mrs. W. I. Ong of 150 Paloma avenue has with her for the winter Miss Ella Marion Hardy, a teacher at the Glendale Union High school.

Mr. and Mrs. Van Lee Hood of North Central avenue have been entertaining Mr. and Mrs. Homer Riner, from Wellington, Kan.

Rev. K. E. Knof of Virginia has returned to his appointment in the north, where he is a teacher of specialization work.

## EXHIBIT PIGEONS AT SUMMER SHOW

### Different Varieties Entered in Contest Win Prizes in Annual Event

The Los Angeles Pigeon association, which held its annual summer show at the home of Mr. and Mrs. Thomas Brown, had twenty-one entries of different feathered pets. Mr. Brown carried off the first, second, and third prizes in the feather-leg tumbler class, which were the only breed of birds he showed this year.

Mrs. Louisa Erwin left Tuesday night for Fresno, where she will attend the funeral of George C. Hutchinson. Mrs. Hutchinson, the mother of the deceased, spent part of the summer as the house guest of the Erwins, the two families being old friends. The Hutchinsons were planning to move to Los Angeles this week. George Hutchinson was a young newspaperman, being employed as circulating manager on the Fresno Herald, but had just been transferred to the Los Angeles Herald.

**Dies in Auto Crash**

Mr. Hutchinson met his death in an automobile accident in Long Beach when the car, in which he was riding turned turtle over the embankment, killing him instantly.

Mr. and Mrs. Williams and Mr. and Mrs. O'Hara, the other occupants of the car, were badly injured, while the car was damaged to some extent. Mr. Hutchinson, the father of the deceased, spent Monday and Tuesday at the Erwin home, coming down to attend the inquest held over his son, which was held in the Newby-Hervey funeral parlors in Long Beach. Mrs. Erwin will accompany the remains on the train, Mr. Hutchinson returning to Fresno by auto for the funeral, which will be held Thursday.

Mr. Peck has sold his beautiful home on Michigan boulevard to a Redondo family.

The firemen's ball, held to provide funds to pay Fire Chief Young for his services, netted about $260, $100 of which was gate receipts. Punch, coffee and cake were served, and all report a jolly good time.

**Lots Selling Fast**

Lots in the Warner tract are moving along quite well. This subdivision is now being cleared of brush.

Fred Anderson is about ready to place his new subdivision on the market, several reservations being in order.

A new real estate office has opened on Michigan boulevard, the firm name being De Moulin & Murray.

The county surveyors are busy on Montrose avenue getting lined up for paving and cutting this avenue through to Ocean View. When this is completed it will give three paved boulevards running east and west through the valley, Michigan, Montrose and Honolulu, and three running north and south, Pennsylvania, Los Angeles and Ocean View.

The Glendale & Montrose Railway company has stored ties and rails at the La Crescenta terminal of the line, preparatory to extending the line to Pennsylvania avenue.

The Darrow-Card firm has the record of making $225 clear profit in ten days for a client, who purchased a lot through this firm, relisting it with them. They turned it at this net profit to the owner in these few days.

## SCOUTS ROUNDUP PLANS ARE TOLD

### Leaders and Council—Arrange Program for Saturday at Crescenta

Boy Scouts of the Verdugo Hills district, their parents and friends and the public in general are to be the guests at a district roundup at La Crescenta next Saturday afternoon and evening, September 29.

The Troop Leaders' Roundtable and the Verdugo Hills Boy Scout Council are arranging the biggest roundup ever staged in the district to be held on the grounds of Los Robles Verdes (the Green Oaks.)

Many new features will be introduced by the program committee comprising H. B. Robison, chairman, and chief councilor of the Troop Leaders' Roundtable, and Leo L. Lang of Tujunga, A. C. Cox, Montrose, Fred Schnoor, Hal E. Leedom, W. L. Walker, E. B. Thomas.

Through the courtesy of Mr. and Mrs. Benjamin Robison the Scouts were given the use of the grounds, considered ideal by Scout Executive Harold F. Benner.

The program is scheduled to begin at 3 o'clock Saturday afternoon. Games, contests and competitive stunts are to be held. Douglas Fairbanks, Jr., has been invited as the guest of honor. He is a first class scout in one of the Pasadena troops.

Guests will be expected to bring a basket dinner and all will assemble under the oaks at 6 o'clock for the evening meal. At 7:30 a camp-fire will be lighted, using the Indian scout method of rubbing two sticks together.

Choruses formed by the mothers and fathers will sing old time songs.

Walter Wescott, athlete and captain of the University of California, Southern branch, football squad, will have charge of the camp-fire program.

Scouts are to build a great Indian council ring, with a sacred fire pit ten feet in diameter. The outer ring of the council will be 100 feet through.
